

Global Aspirations Through Local Inspirations

Global Aspirations...

Wendt (India) Limited has ever since its inception been a customer centric Company by choice. It has been maintaining its leadership position in the Domestic market, thanks to its focus on continuous innovation, adapting to changing trends and more importantly fulfilling the customers' requirements.

Over the years, Wendt not only has enhanced its Super Abrasive range, but also added a range of grinding machines and honing machines catering to niche applications in association with global leaders besides offering precision components to global markets.

While necessity is the mother of invention; Wendt believes that diversity and inclusion inspire innovation and creativity.

By harnessing the power of diversity and inclusion, Wendt redefined the way it works and delivered enhanced value to its customers reflecting the changing needs of the industry.

Constantly adjusting and re-adjusting processes, methods and systems across the value chain in shortest possible time, thus catalyzing responses in terms of products, services and behaviors which is vital to achieving manufacturing excellence and global aspiration.

With this dynamic approach, it was a natural step for Wendt to cross the borders of the domestic market and enter the global arena.

Today it has footprints in over 35 countries, delivering quality and performance that easily match global applications

A simple phrase that explains this evolution at Wendt is.... global aspirations through local inspirations.

REPORT OF THE DIRECTORS

(Including Management Discussion and Analysis)

The Board of Directors has pleasure in presenting the 34th Annual Report along with the Audited Financial Statements for the year ended 31st March 2016. The Management Discussion & Analysis Report forms part the Directors Report so as to avoid duplication and repetition.

ECONOMIC OVERVIEW

During the year 2015-16, the Indian economy has experienced an improved growth rate with perceptible revival in domestic demand after going through continued slowdown for last three to four years. Certainly, both Global and Indian economy now seem to be in a much better shape than earlier. Backed by the positive revival and industry sentiment, the growth projection for Indian manufacturing remains positive in coming years mainly because of various growth programmes and initiatives planned by the Government, some of them are already embarked and under implementation.

The Indian economy achieved a moderate growth of around 7.5% during the year, facilitated by expansion in manufacturing activities and experiencing similar growth in previous few quarters. Liberalization of foreign investment rules for defence production, and medical devices as also non-manufacturing sectors such as real estate and insurance have contributed to strengthening the investor sentiments. The automobile sector, overall, ended the year on a good note on account of major new launches despite poor rural demand and higher costs with leading manufacturers reporting sales growth during the year. Other industry segments such as Cutting Tools, Steel, Engineering, Ceramics, Glass, Refractories have also achieved moderate growth over the previous year. On the contrary, India's export continued to be lower than expected to the major markets such as US and European Union during the year on account of volatility and oil crisis in the OPEC region which is going on for quite some time.

Steel, Engineering, Ceramics, Glass, Refractories have also achieved moderate growth over the previous year. On the contrary, India's export continued to be lower than expected to the major markets such as US and European Union during the year on account of volatility and oil crisis in the OPEC region which is going on for quite some time.

RESULTS OF OPERATIONS

Your company continued to put its best efforts in both domestic and export market and achieved a Top line of Rs.11655 Lacs during the year under review with a growth of 10% as compared to the previous year. With rather sluggish rise in demand in the domestic market, some of the industry segments such as Engineering, Automobile, Ceramics, Cutting Tools, Steel, Refractory and Glass have positively contributed resulting in a muted growth of 7% over the previous year. On the export front, the overall growth has been 24% over the previous year though some of the advanced countries continued to witness slow growth. Your company's continuing efforts in addressing the challenges in some of the overseas markets such as UAE and South East Asian countries have more than compensated for the uncertainties resulting in the above growth compared to

the previous year.

Your company continues its pursuit to perform its business with a clear focus on **Super abrasives**, **Non-Super abrasives** and **International Business** and achieve growth by taking cognizance of medium and long term perspectives. It also strongly believes that the "Make in India" campaign by the Indian Government, which is designed to facilitate investments, foster innovation, enhance skill development is slowly gaining pace and would provide the much needed impetus for growth. Accordingly, your company continues to make necessary investments in the identified growth areas and resources in order to reach long term business goals. During the year, your company entered into the smart space business – with the shift of Space one business from CUMI to its operations. During the short span of time, the company has started seeing improvements in terms of order inflow, sales and increased market awareness among some of well-known Ecommerce platforms and channel partners. During the year, your company participated in the international exhibition GrindTec 2016 showcasing its products to the international audience in Germany for the first time and has received encouraging responses and enquires.

The **Super abrasive Business** comprising of Diamond/CBN grinding Wheels in various bonding systems, Hones, Dressing Rolls, Segmented products & Stationary Dressers, achieved 8% growth over the previous year against many challenges and stiff competition from both global and domestic fronts. This has been achieved mainly on account of continued efforts and initiatives on product developments & new applications which also includes import substitutions in most cases. During the year under review,

the Company successfully launched some of new products which include Vitrified Products for Auto Component, Dressing Rolls for Bearing and certain other automotive applications, Electroplated products for Engineering and Gear and Brazed Diamond Products for Paint industry. In addition, your company successfully concluded the acquisition of **Star Diamond**, Mumbai towards the end of the year - a well-known and established name in Stationary Diamond Dressers space. This is expected to further strengthen your company's position in Diamond Dressers segment in the market. This will also provide an additional brand to your company.

Your company has been strengthening its Research and Development Centre by way of adding capabilities and augmenting the efforts in Bond / Matrix formulations since its establishment & has been working on developments towards building self-reliance on the technological front.

During the year, your company has added new capabilities and competencies in developing some of the new applications / products for various industries. Added to this, your company has entered into the technology transfer agreement with the prestigious BARC (Bhaba Atomic Research Centre) for CMMRF, (Chemo Mechanical Magneto Rheological Finishing). Going forward, this would open up doors for the company for developing Nano Polishing Machines / Technology for Polishing of components in future.

The **Machine Tools & Precision Components** business achieved a growth of 19% over the previous year with Machine sales clocking an impressive growth of 47% growth on the back of good orders from both domestic and export customers. During the year, your company has continued to develop & launch many new models / variants of machines including CNC Rotary Surface Grinding Machines and Honing Machines. The 7 New Machine Models launched in the beginning of the year by your company, have been received well by the customers. This is explicitly evident from the orders, your company received including those from the overseas customers.

The **Precision Components** business, now contributes to more than 10% of the business of your company. It continued to work on enhancing the product basket while increasing its production volume of two new components that were added last year.

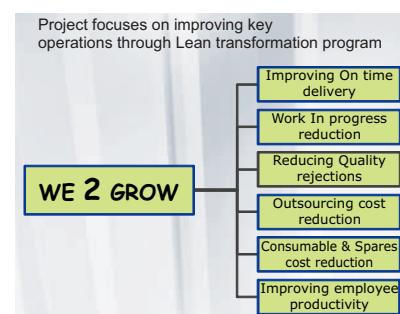

The Precision component sales remained flat reflecting the auto-component market.

During the year, your company has received the prestigious Distance Piece Project contract during the year from Bosch for 3 years which is expected to strengthen the precision component business in the future.

In addition to this, in order that the precision component business is further strengthened, your company is in advanced stage of development and testing of some of the new components with few of potential customers both in India and Overseas.

FOCUS ON CUSTOMER CENTRICITY

Improved operational efficiency and optimum use of resources in the area of manufacturing continues to be one of the focus areas of your company. Towards this, your company started implementation of **Lean manufacturing** two years back and has found this initiative highly beneficial as this addresses some of the important areas such as process bottlenecks and streamlining encompassing planning, scheduling, production, quality and materials. As a result, your company has started seeing benefits in terms of optimal utilization of resources, machines and equipment through effective planning, besides addressing bottlenecks for driving efficiency, improvement in delivery and waste elimination. As we all know, lean management is a journey which promises to deliver long terms benefits by elimination of non-value added activities, effective utilization of resources and higher level of customer satisfaction. During the year, your company has initiated second phase of implementation by extending it to all the support functions which act as enablers for the final results in the organization.

Some of the major benefits:

- Reduction in lead time for product delivery
- Reduction in rejection levels
- Better Work in Progress
- Effective Raw Material Planning
- Improved employee productivity
- Optimum inventory management

FUTURE PROSPECTS

In order to achieve improved performance year on year, your company would continue to work on effective alignment of strategies and business objectives based on the market needs and challenges. Your company recognizes that focus on product and process innovation, adoption and

deployment of new technologies and processes are critical in order to achieve its long term objectives. Accordingly, your company works on continually improving product performance by use of technology & superior manufacturing. While the existing products would continue to be offered to the customers, new products, new application developments and Innovation would be the focus for your company. Market penetration to increase the share with existing customers. Developing competitive edge by improving service levels and offering value added services.

Your company continues to accord high level of importance to **Innovation** in areas such as Bond development, new product development and automation.

Special efforts would be given to turn the new opportunities into business through new products and applications.

Towards future growth, your company continues to track the **megatrends** and accordingly your company has been working on the emerging opportunities by developing new products for industry segments such as Infrastructure, Construction, Aerospace, Defense and Health care. Your company continues its efforts in this direction of exploring the opportunities that unfolds going forward.

All these efforts by your company in this direction would be supplemented by participation in major national and international exhibitions, trade shows, and presence in leading industry forums, e-commerce initiatives. Your Company harnessing requisite technology on **CRM and knowledge management** and other value added services would enable to address the surfacing Mega trends. Export business has been one of the main focus areas for your company. Towards this, your company will continue to strengthen its global presence in identified countries through strategic alliances and joint

co-operations, management representatives in addition to taking advantage of the CUMI network through joint efforts in the identified countries.

The acquisition of Winterthur Technology Group (WTG) by the US multinational 3M Corporation and resultant indirect acquisition of 40% equity shareholding in your Company continues to be a matter of contention while not being an issue. The matter continues to be under the purview of The Honorable Company Law Board (CLB), Chennai and your company expects the ownership matter to be resolved soon.

SUBSIDIARY COMPANIES

Wendt Grinding Technologies Limited, Thailand

Your company's 100% owned subsidiary Wendt Grinding Technologies Limited, Thailand, has achieved a topline of Thai Baht 864 Lacs (Rs.1620 Lacs) which is in line with the plan and at the same level of previous year despite continued slowdown, political issues and upheaval in the region. The Profit Before Tax was Thai Baht 117 Lacs (Rs.230 Lacs) during the year and the Profit After Tax has been Thai Baht 93 Lacs (Rs. 186 Lacs) marginally lower than previous year.

Business sustainability and consistent performance has been the key for success of your subsidiary company. While continuously looking for new opportunities apart from increasing the product basket would help the subsidiary to churn out better performance in the coming year as well. New customer additions and enhanced product basket have compensated for the sharp decline arising out of lower automobile production & corresponding related industries.

Your subsidiary company continues to take part in some of the important Industrial and Trade Exhibitions for exploring new businesses, strengthening networking with industry leaders for promotions and plant visits for customers.

Wendt Middle East FZE, Sharjah

Wendt Middle East FZE, Sharjah, the second wholly owned subsidiary of your company has achieved a reasonable performance for the year under review by taking into account the on going oil crisis, stalling of new projects and political uncertainty in the region. During the year, your subsidiary has achieved an annual sale of AED 32 Lacs (Rs.561 Lacs) which is marginally lower than the previous year. However, the Profits have been AED 7 Lacs (Rs.132 Lacs) which is similar to last year level on account of judicious control on costs and balanced product mix.

Needless to say that the whole manufacturing scenario in the region including the neighbouring countries has been under increasing pressure due to on-going socio-economic instability, rising inflation and political disturbances resulting in sharp reduction in capacity utilization to around 50% level with only few new investments by the Government and Foreign inflows.

Your subsidiary has put its best efforts to address these challenges and adversaries, by way of new initiatives and addition of new customers and industries to its fold, increased service levels besides expansion of product basket to achieve the above results during the year.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

In the sections that follow, the information required to be given in the **Management Discussion and Analysis Report** have been provided

GENERAL PERFORMANCE REVIEW

The Indian economy has started to see gradual uptick resulting in moderate growth in some industry

segments although manufacturing activities are yet to experience any appreciable development. As we all see the pace of recovery has been slower than expected, but certainly there seems to be lot of optimism and positive sentiment across segments. Consequently, the Indian economy has achieved a modest growth of around 7.6%, highest growth in the last few years. Assisted by revival in the economy in some of the developed countries such as US and gradual rise in domestic demand as well as inflation being well under control in addition to increased manufacturing activities, have complemented well in rise in demand for products and services. All this has resulted in

better performance of industry segments like Engineering, Refractory, Cutting Tools, Ceramics, Automotive and Steel compared to previous year although some sectors Construction, and Infrastructure etc are yet to see any rise in demand and hence growth.

During the year, while your company's domestic business has achieved a growth of 7% the export business has achieved a growth of 24% compared to the previous year with an overall 11% growth for the year. The Super abrasives products sales in the domestic market to industry segments like Automotive, Cutting Tools, Engineering, Ceramics, Refractories and Glass has achieved better performance over the previous year

reflecting the industry trend. In order to maintain its leadership position, your company continued to put its best efforts and new initiatives for new product developments and applications in addition to working as closely as possible with customers for new opportunities including import substitutions and technology solutions.

As mentioned above, for the Machine Tools & Precision Components business, the performance level has been 19% higher than last year mainly on account increased machine orders and projects resulting in a growth of 48%. This year also saw some good machine orders from overseas customers which is a testimony to the quality and global standards of your company's machines. The precision component sales remained flat on account of lower offtake which has resonated with the auto component performance. Sales of newly developed components has seen higher volume offtake compared to previous year both in domestic and export front.

ECONOMIC OUTLOOK

As per the estimate by various agencies, the Indian economy is expected to achieve a growth rate in excess of 8% in the coming year and is expected to overtake China in next two years as per several macro-economic indicators. India is now placed 6th among the world's top 10 manufacturing countries as per UNIDO's recent announcement. Several indicators including index of industrial production (IIP) has also shown positive movement in last several quarters. In the past two years, the government has embarked upon a slew of initiatives towards ease of doing business including the much talked Make in India campaign. These initiatives are expected to enhance the purchasing power of people, rise in demand while also speed up developmental work. As we all know, the SMEs form the backbone of the manufacturing industry contributing to more than 90% in India.

The industry sector that are expected to derive benefit from the above initiatives are Automotive, Engineering, construction, Aerospace, Defense, Ports and Mining, Shipping, Steel, Power, Consumer durables, Electronics during the coming year.

INDUSTRY STRUCTURE & DEVELOPMENTS

With its comprehensive product range and long years of experience, your company continues to be a preferred supplier for many major customers for a wide range of industry segments for Super Abrasive products, and is considered as Total Grinding & Honing Solution Provider. As we know, the Indian Super abrasive tooling market continues to remain fragmented and functions in very competitive environment, often dominated by the presence of few organized players such as your Company and many owner- driven small companies with strong regional focus. Major contribution to your Company's topline continues to come from sectors such as Automotive, Engineering, Cutting Tools, Refractory, Ceramics, Steel, Aerospace and Defence and few others.

As mentioned earlier, your company constantly puts efforts and focus on exploring new opportunities, new projects, new customers and new industrial segments. Accordingly, it has initiated its work on many new projects and continues to add new products every year to the product basket. On the other hand, in order to minimize dependency on few industry segments, your company is relentlessly working on developing products for other industry segments which have long term growth prospects. As a result of these efforts, your company has been able to develop and offer many new products for industries like Aerospace, Gears, Defence, Construction, Painting and Auto components.

OPPORTUNITIES & THREATS

Opportunities:

While your company recognizes the importance of economic growth and its influence on your company's overall performance, it would continue its quest of achieving higher growth rate with ample confidence on account of the industry spread and the business opportunities exists for the company in those industries. Secondly, the wide basket and comprehensiveness of the same provides ample scope for growth. Thirdly, as always, your company would continue to be on constant look out for new opportunities in both exiting and untapped markets as well as countries. Developing products and aligning the business in line with the strong signals of Mega trends would be another area of focus for your company going forward.

Long experience of providing products and services with its superior offering has been the backbone of success for your company. Contemporary technology has played an important role in this for both Super abrasive tooling and The Precision Grinding/Honing machines. The same also been extended and well integrated with precision component manufacturing as well in last few years. Your company would continue to leverage this unique advantage and derive maximum benefits from being the provider of Total Grinding & Honing Solutions which only few can aspire to have.

As a part of continuous journey, your Company would continue to work on the identified new projects in both Super abrasive tooling, Machines Tools and precision components that are lined up. It has planned some new machine models for manufacturing, development and introduction during the coming year. As regards precision components and growing it into a separate business vertical, your company has been working on some of the new developments having large upside and expect to start the projects soon.

Threats

As is well known, the Super abrasive tooling market in the domestic front is heavily populated with the presence of few organized players such as your company and many small and unorganized players. The market structure characterized by unorganized, small timers and proprietary-driven companies in one end with strong regional focus and on the other end, few organized players. The small companies, focus on specific markets and addressing customer requirements with lower prices as a matter of survival and continue to service to a section of customers with a limited range of products. On the contrary, the large organized players from both domestic and global arena focus on technology and application engineering. The OEM tie ups arrangements with machine manufacturer for the global players have almost always, benefitted them in terms of ready access to the business right from the beginning.

This has been a unique challenge for your company. To address this, your company continues to adopt its distinctive method of offering low cost and innovative products for the low end competition, and for

the high end segment, it focuses on technology solutions and offering import substitutes and value additions.

BUSINESS OUTLOOK

In the still volatile and fragile business environment, your Company's main focus would continue to maintain its leadership position in the domestic arena. Increased market reach & penetration as well as addition of new products to its basket apart from working closely with customers are some of

the things your company would pursue with utmost seriousness. Enhancing global presence and depth in the identified countries in the global market is another area for driving growth in the export business. Improving customer engagement levels and effective promotion of its products and services will be ensured through initiatives towards improving awareness levels, brand recall and active participation in both domestic and international exhibitions and trade fairs.

In the **Super abrasive business**, your Company will continue to drive the growth through New Product Development, Indigenization Efforts and Focus products.

While this would give stability to the business, it will also focus on capitalizing on new opportunities in industry segments with high growth potential in conjunction to ensure future growth. The company has planned several new initiatives for the year in this direction so as to achieve the planned growth. The newly acquired **Star business** is being smoothly integrated into the company which is expected to complement the growth projection.

Machine Tools & Precision Components vertical has been consolidating and is expected to bring greater benefits in the coming years. Like previous years, your company has already planned development of few new machines and launches in the coming year for engineering, defense and aerospace and auto component industries.

As mentioned above, the precision component business is being strengthened with addition of new components and new customers. It is already seeing steady increase in volume and still higher volumes are expected in the coming year. Your company has planned addition of few more precision components to the basket going forward and the discussions and deliberations are ongoing with the potential customers. Accordingly, suitable investments would be planned by your company for the physical infrastructure, capacity, machineries, equipment etc so that the long term objectives are met.

Your company continues its focus on pursuing & growing the **International Business** through the established Wendt / 3M channel. In addition, for enhancing market reach and penetration, your company works with CUMI's overseas marketing channels as well as other Strategic partners / Alliances operating in some of the countries. Accordingly, your company has started promoting its products under CUMI & Neutral Brand as well, thereby opening up new business opportunities.

Your 100% owned subsidiary **Wendt Grinding Technologies Ltd**, in Thailand would continue to achieve better results year

on year despite the region being affected by global slowdown, shrinking demand and also continued labor and political unrest. As is evident in the past, the subsidiary shows ample resolve and confidence for a better performance in the coming year as well. Your company's subsidiary will continue to embark on new opportunities, addition of new industry segments and markets with improved service levels, while increasing its product basket.

The second fully owned subsidiary, **Wendt Middle East FZE**, Sharjah has been delivering consistent performance over last few years after initial years of struggle. As mentioned earlier, it operates in an environment that is known for market volatility and political upheavals, continuously falling oil prices, socio-economic crisis and declined investments in the region. However, despite these turbulence and uncertainties, change in Business Strategy and refocusing efforts on certain markets and industries have started yielding good results in past few years. Your subsidiary would continue to operate as the Product Availability Point (PAP) for the entire GCC region with focus on General Engineering, Aerospace, Steel, Ceramics, Auto component, Oil and Gas and associated industry segments & is expected to better its performance in the coming year also.

RISK & CONCERN

Risks are uncertainties and possible outcomes from the environment which can impact a company's performance and future prospects. Your company adopts a comprehensive and robust risk appraisal, mitigation and management process in the areas of operations, financial, technology and other business risk. The Senior management of your Company is involved in mapping the risks arising out of both internal and external environment and effective plans to mitigate the same. Business risk mitigation helps to find ways to manage situations that could adversely impact the financial, physical and human capital of the organization. Your Company would continue to build strategies to retain its leadership position while at the same time improving operational efficiencies would insulate it from various risks.

The Risk management process for your Company encompasses the following sequence:

FINANCIAL REVIEW

Earnings

Revenues

During the year, your company achieved total sales of Rs.11655 Lacs, higher by 10% as compared to 2014-15. While the domestic sales is 6% higher than last year at Rs. 8354 Lacs, the export sales recorded a robust growth of 24% compared to the previous year at Rs 3301 Lacs. As briefed earlier, the major industry segments which contributed to the growth of domestic business are auto, auto component, engineering, cutting tool, ceramics, steel, glass, refractories etc. The improved performance in export is contributed by the higher exports to countries like UK, USA, UAE, Spain, Belgium, Austria, Australia etc. during the year.

Profit before Tax

The profit before tax is lower by 19% at Rs.1422 Lacs compared to Rs.1764 Lacs in 2014-15. The reason for the drop in profitability is the difference in product mix as well as rise in the cost.

Profit after Tax

The profit after tax is lower by 34%, at Rs.974 Lacs, compared to Rs.1485 Lacs in 2014-15. This is due to lower R&D capex, hence lower tax benefit during the year.

Liquidity and Cash Equivalents

Your company retains its status of debt free company, maintaining sufficient cash and cash equivalents to meet its futuristic strategic initiatives. Your company has been prudent in its investment policy over the years, maintaining a reasonably high level of cash and cash equivalents which enable the company to completely eliminate short and medium term liquidity risks.

The objective of cash management at Wendt India is to :

- Conserve sufficient cash as reserves that will aid the company in seizing meaningful business opportunities that unfolds during the year.
- Use cash to provide sufficient working capital to address business objectives of the company & to add value to all stakeholders by continued enhancement.
- Prudently Invest surplus funds that the business generates in debt schemes of mutual funds as per Group norms. This ensures availability, safety and liquidity of Company's funds while allowing reasonable yield as per the prevailing market rates.

During the year your company's investment in mutual funds decreased from Rs.1436 Lacs to Rs.897 Lacs in 2015-16. This is on account of acquisition of Star Diamond Tools Pvt. Ltd., and other Capex spent made during the year.

As the earnings are ploughed back, the capital expenditure need of your company for the year was met entirely from the mutual funds investment.

Costs

The Fixed costs excluding depreciation has grown by 18% compared to last year. However, fixed cost as percentage of sales controlled at 34% against 32% of last year.

The variable costs have been controlled during the year through indigenization of raw material and other input costs which has helped marginally in improving the margins of the company. The Lean Management Initiative undertaken by your company has also helped in significant savings during the year. Your company's price correction initiative from both customers and key suppliers during the current year is expected to improve its profitability in the coming year.

Financial Position

Share Capital

The paid up equity share capital as on March 31, 2016 was Rs. 200 Lacs. During the year under review, the Company has neither issued shares with differential voting rights nor granted stock options or sweat equity.

Shareholders Funds

The shareholders fund as on 31.03.2016 was Rs.9362 Lacs against Rs.8990 Lacs of previous year, an increase of 4%. Accordingly, the book value of the share stands at Rs.468/- as compared to Rs.450/- during the previous year.

Loan Funds

Your Company Continues to utilize its cash credit limit with State Bank of India to bridge the short term fund requirement and for meeting the temporary mismatches in its cash flow. Your Company does not have any interest bearing term loan.

During current year also, the working capital limits of your Company continues to be rated by ICRA as AA- (pronounced ICRA double A minus) rating assigned to the Rs.2.0 crore Long term Fund facilities of your Company which signifies low credit risk and stable. The short Term (Non Fund based) Rating also continued to be reaffirmed as A1+ (pronounced ICRA A one plus). Overall your Company's rating continues to be stable and low credit risk.

ASSETS

FIXED ASSETS

Your company continues with the policy of being prudent in its capex spend. During the current year, the capital expenditure was Rs.1285 Lacs. The major capex spent was on addition of new plant & machinery towards capability building in fast growing products and new products capacity enhancements, which are critical for the future growth of the company. Company continued to adopt policy of funding all the capex through the internal accruals.

Inventories and Sundry Debtors

The overall inventory levels as on 31st Mar'2016 is Rs. 1787 Lacs, an increase by 9% over the last year. There was an increase in the stores & spares inventory by Rs.40 Lacs, and the trading inventory by Rs. 21 Lacs. This was due to delay in dispatch / clearance for from few customers. The higher inventory was also strategically necessary for addressing the On-call supplies.

Receivables as on 31st March'2016, were higher at Rs. 2907 Lacs from last year of Rs.2111 Lacs, mirroring sales growth of 10%. However, the average credit days have gone up from 64 days to 75 days due to the tight liquidity position. Your Company's aggressive receivable management system including close follow ups and credit lock through the SAP system will ensure that receivables are kept under control and payments received in time.

and by the resolve to be a customer centric organization which motivates the company's management to be aligned to deliver highly customized products with dependable after sales services.

Your Company is committed on creating and maximizing long-term value for shareholders and essentially follows a four pronged approach to achieve this end.

- by increasing all round operational efficiencies
- by identifying strategies that enhance its competitive advantage
- by managing risks and pursuing opportunities for profitable growth, and
- by building relationship with other important stakeholder groups through meaningful engagement processes and mutually rewarding associations that enable it to create positive impacts on the economic, societal and environmental dimensions of the **Triple Bottom Line**

Underlying this is also a dedication to value friendly financial reporting that assures the shareholder and investor of receiving transparent and unfettered information on the Company's performance.

Financial Performance with respect to Operational Performance

Despite the tough Business Scenario, your Company strives to keep its Operating profit and Contribution better than the industry average and record reasonable growth. This is on account of stringent control measures taken for improved operational efficiency led by the Lean Initiative undertaken by your company and also the better product mix. This was aided by accurate information & customer data, centralized drawing management system, better planning & scheduling through SAP ERP System and effective vendor management. Your Company's improved MIS reporting and ability to respond to customer with real time information helped in giving rich experience to the customers there by providing value addition to the customer.

INSURANCE

Your company continued its adequate care on providing required insurance cover for your company's asset buildings, plant and machinery including inventories, and for liabilities under legislative enactments.

The following energy conservation measures were taken by your Company during the year:

- Installation of energy efficient lamps in new installations. Existing energy inefficient lamps are gradually replaced with energy efficient lamps.
- Introduction of light dependent resistance sensor harnessing natural daylight for all outdoor lighting with automatic controls
- Time switches installed at various places for automatic control of street lights.
- Installation of occupancy sensors in washrooms & lavatories
- Power capacitors added/ replaced wherever necessary to improve power factor.
- Modification in lighting circuit for automatic ON/OFF controls
- Optimum utilization of energy through process redesigning as well as maximum utilization of equipment that offers improved energy efficiency.
- Your company has taken measures to save water whereby 100% of the domestic effluent and the trade effluent are treated and used for gardening and electroplating processes (Zero discharge). is recycled and reused for gardening.
- Periodic Energy Audit being conducted to improve the energy conservation measures further.
- Various energy conservation measures are taken and general awareness is propagated among all concerned for efficient use of energy.

b) Technology Absorption, Adaptation and Innovation

Your company thrives on quick absorption of latest technology and its adaptation in both Super abrasive and Non Super abrasive business verticals. As mentioned earlier, the expiry of the technical collaboration with Wendt GmbH happened four years back. Pre-empting this, your company had already embarked on developing its own technology & appended process by aggressively pursuing its R&D efforts through the establishment of R&D Centre and also collaborating with renowned institutes & Laboratories who have gained sufficient knowledge in your company's product lines. As a result, your company has been able to develop some of the products that are extensively used in wide range of industries like Refractory, Ceramics, Construction, Glass and Composite, Cutting Tools, Steel and Textile & Paper. Your Company has also identified and initiated some more areas for bond development for industries such as Rotary Tools, Ceramics, Bearing, Glass, Automobile etc with the help of a well qualified and experienced external consultant.

Through its independent endeavors to strengthen the technology base and R & D activities, your Company has had close association with one of the renowned research institutes based in Europe for in house development and manufacture of Brazed products. Your Company also banks on the rich experience, knowledge pool and R&D facility of its Indian Joint venture partner Carborundum Universal who are leaders in the field on conventional abrasive & material science for some of the application developments for specific areas.

Your Company continuously focuses towards the re-engineering of processes and works on cost economical raw material alternatives for its products in order to improve operational efficiency, thereby reducing costs and waste elimination.

Your Company makes efforts towards value engineering of existing products to deliver better price to performance ratios, new processes for the manufacture of certain products, improvement in products to match evolving

requirements of customers and development of capability to manufacture products addressing specific market niches.

Based on your company's needs for modern technology and growth opportunity, strategic acquisitions/collaborations in related areas are being explored.

RESEARCH & DEVELOPMENT

In line with its strategic intent, your Company seeks to become significant global player in offering customized functionally superior products to maintain its competitive edge and retain its market leadership position. Since the advancement of technology is at a greater pace, the grinding technology needs to be constantly updated on an ongoing basis to keep pace with rapid change in material science and machining techniques. As an acknowledgement of this important aspect, your company has a well-established R&D centre which is anchored by R&D head who is well experienced and knowledgeable in his domain. Apart from research and development activities, he also collaborates with external research labs and renowned institutes & collaboration with technical consultants for the required technological up gradation.

As you may be aware, your Company's R&D Centre was accorded Certificate of recognition from the Ministry of Science and Technology, Government of India, valid upto 31st March'15. During the year your Company had applied and received the R&D Renewal Recognition Certificate valid from 1st April'2015 to 31st March'2018.

The recognition of the R&D centre by DSIR gives your company a major impetus not only to pursue development of new Bond / Matrix, new products for itself but also provide opportunities for collaboratively working with external institutes / research laboratories on leading technologies in future. In order to grab the opportunity of collaborative work with research laboratory, your company's R&D center has undergone a technology transfer agreement with Bhabha Atomic Research center (BARC-Mumbai) for development of futuristic nano finishing machine.

This R & D venture continues to carry out indigenous Bond development in a major way and help the organization to be ahead of competition with launch of newer products.

Your company has a state of art R&D facility with all ultra-modern equipment's and facilities supported by well qualified and dedicated R&D team which is involved round the clock in various R&D projects and activities in order to develop new products with new features for the grinding and finishing applications, improve the existing one, develop new methods, technology up-gradation etc. State of the art condition monitoring grinding machines have been established & commissioned in your company R&D for qualifying the bonds in-house, which is a major breakthrough in terms of validation process.

Your Company continuously focuses towards the re-engineering of processes and works on developing cost economical raw material alternatives like raw materials for improving operational efficiency, reducing costs and waste elimination.

Continuous efforts are made towards value engineering of existing products to deliver better price to performance ratios, new processes for the manufacture of certain products, improvement in products to match evolving requirements of customer.

Your R&D centre has a dedicated team to work on various Research concepts for bringing cutting edge technology solutions for offering to the customers. During the year 2015-16 our Research center has added high end scientific instruments Rheometer (for testing the powder flow), High resolution metallurgical microscope (for analysis of microstructure of the bonds), as well as Charpy impact tester (for analysis of bonds impact strength) along with supportive infrastructure to strengthen the development activities.

Our R&D Department focus areas are on:

- State-of-the-art new futuristic machine for internal validation
- Development of new bonds for glass grinding applications
- Development of next generation grinding wheel body material for high speed grinding
- Development of vitrified fine grinding wheel for lapping application
- Development of special bond for the carbide insert grinding Application
- Development of special vitrified bond for carbide flute grinding application

- To develop Self Sufficiency in wide range of Bonding Materials for Grinding application.
- New Process and Design for precision Honing Applications
- Products for Cutting & Grinding of New Materials
- Building customized Products for local and global markets
- Working not just as product development partners but also as Go-To – Market partners with customers

Specific areas in which R & D is carried out by the Company

Following are the areas in which R&D is carried out by the Company

- Development of integral body thin wheels for slicing operation
- Development of light-weight-high-strength composite body material of grinding wheel
- Development of new bonding system for glass grinding application
- Development of a new state of the art ultra-surface finishing machine with collaboration of BARC-Mumbai
- Development of special bond for the carbide insert grinding Application
- Development of special vitrified bond for carbide flute grinding application
- Development of new Bonding System for Super abrasive grinding wheels Vitrified, Metal and Resin bond
- Development of vitrified super finishing sticks for honing/lapping application
- Study and analysis of grinding process with condition monitoring system for optimizing the process
- Development of new manufacturing methods by using resistance heating technique
- Establishing the network with academic institutes/PSUs for any opportunities relevant to the company's activities.

Benefits derived as a result of the above R & D

Business organization gain considerable benefit through investing in research and development. Furthermore, ongoing research in Wendt R&D brings new opportunities in the market. Following are the benefits of R&D

- Development of bonds for self sufficiency
- Indigenisation of Bonding Materials for super abrasives as an import Substitute.
- Grinding Solutions for New application
- Upgrading Manufacturing Technologies with current Needs
- Development of Futuristic products in the area of super abrasives
- Development of new body materials for our products machine parts & components
- Since the company's R&D facility has got the recognition and approval from DSIR, tax benefit can be availed on the R&D capital & revenue expenditure.

Your Company's continued investment in research and development has resulted in development of some of the new products with special features for the grinding and finishing applications in the previous year.

Some of the new products developed by your company last year are –

- Brazed wheels for steel grinding, ceramic, ophthalmic and composite
- Indigenized Vitrified diamond wheel for PCD/PCBN lapping applications
- Vitrified super finishing honing sticks for bearing and textile
- Integral thin wheels by using resistance heating methods
- Vitrified fine grinding wheels
- Vitrified CBN ID grinding wheel for fuel pumps

Wendt India R&D plant includes inter alia, New Technology Development, Technology upgradation, and Self Sufficiency in Bond Development.

During the year Company has filed patents, one Non-Super abrasive and few patents are in pipeline for Super abrasives.

During the year, your company also successfully developed 7 new machines such as Vertical Single & Double spindle Honing machines, Angular Head Grinding machine and Surface Grinding Machine.

Benefits derived: Your Company mainly caters to niche market where majority of customers are OEMs and look for technologically superior products and reliable performance. With majority of the customers considering your Company as a Single-Stop Shop for **Complete Grinding and Honing Solutions**, they look forward to have technologically advanced products with superior and consistent performance. Your company is able to address these ever changing needs & expectations of the customers, by virtue of its strong R&D focus and long years of experience. This facilitates your Company to retain its dominant position and also enable the customer to justify the due premium for its product reflecting on your company's profitability.

(Pursuant to Section 204 (1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules 2014)

To The Members

Wendt (India) Limited

I have conducted the secretarial audit of the compliance of applicable statutory provision and the adherence to the good corporate practices by **Wendt (India) Limited**, (Corporate Identity no. L85110KA1980PLC003913 (**herein after called "the Company"**)). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinions thereon.

Based on my verification of the **Wendt (India) Limited** books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the Secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March 2016, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2016 according to the provisions of:

- I. The Companies Act, 2013(the Act) and the rules made thereunder;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- III. The Depositories act, 1996 and the Regulations and Bye-laws framed thereunder;
- IV. During the year under review the Company has complied with the provision of Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment. There was no External Commercial Borrowings during the year under review;
- V. The following Regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, as amended from time to time;
 - b) The Securities and Exchange Board of India Prohibition of Indian Trading Regulations, as a ended from time to time;

 - d) During the year the Company has not issued any new securities mandating compliance of the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, as amended from time to time: and
 - e) During the year under review, the Company has not delisted its securities from any of the Stock Exchanges in which it is listed and hence the compliance of the provisions of the Securities and Exchange Board of India (Delisting of Securities) Regulations, as amended from time to time is not applicable

I have also reviewed the systems and mechanisms established by the Company for ensuring compliances under the other applicable Acts, Rules, Regulations and Guidelines prescribed under various laws which are applicable to the Company and categorized under the following major heads/groups:

1. Factories Act, 1948
2. Labour Laws and other incidental laws related to labour and employees appointed by the Company including

those on contractual basis relating to the wages, gratuity, prevention of sexual harassment, dispute resolution, welfare, provident fund, insurance, compensation, etc.;

3. Industries (Development & Regulation) Act, 1991;
4. Acts and Rules prescribed under prevention and control of pollution;
5. Acts relating to protection of IPR;

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by the Institute of Company Secretaries of India.
- ii. The Listing Agreements entered into by the Company with National Stock Exchange and Bombay Stock Exchange.
- iii. Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (with effect from 1st December 2015);

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations

- i) **As per Regulation 38 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 there should be a minimum public shareholding of 25% of the paid up capital of the Company. As on March 31, 2016 the Promoters' shareholding is 79.74% of the total paid up share capital whereas the Public holds the balance 20.26% of the paid up share capital of the Company.**

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-executive Directors and Independent Directors subject to the following observations

- i) **One of the conditions of the Regulation 17(1b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 requires that if the non-executive Chairman is a promoter, at least one half of the Board of the Company should consist of independent directors and the gap between the resignation and appointment of a new independent director should not exceed 90 days. An Independent Director of the Company ceased to be a director w.e.f. 27th July, 2010 and no other director has been appointed in his place upto the date of this certificate. As on March 31, 2016, the Company has two independent directors as against the requirement of minimum three directors.**
- ii) **One of the conditions of the Regulation 17(1a) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, requires that the Board of the directors of the Company should consist of one woman director. As on March 31, 2016 and upto the date of this certificate, no Woman Director has been appointed by the Company.**

Adequate notice is given to all the Directors before schedule of the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Based on the verification of records and minutes, the decisions were carried out with the consent of majority of Board of Directors/Committee Members and there were no dissenting members' views recorded in the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, the Company, with the approval of the Board, has entered into agreement with M/s Star Diamond Tools Private Limited for acquisition of their Diamond Dresser Tool business on slump sale basis.

REPORT ON CORPORATE GOVERNANCE

Corporate Governance is a set of policies, process and practices by which a Company conducts its affairs in pursuit of its business goals. Responsible corporate conduct is integral to the way we do our business. In order to ensure sustainable returns to all stakeholders of the business, it is imperative, to adopt and follow certain policies, procedures and processes, which together constitute a 'Code of Corporate Governance'. It is about commitment to values, about ethical business conduct and about making a distinction between personal and corporate funds in the management of a Company.

Both in India as well as globally, Corporate Governance is increasingly being recognized as a key component in the efficient functioning of every business. Good Corporate Governance practices are *sine qua non* for a sustainable business organisation that aims at generating long term value for all its stakeholders. It mainly involves the establishment of structures and processes, with appropriate checks and balances, that enable the Board to discharge its responsibilities accordingly.

Company's Philosophy on Corporate Governance

The Governance Philosophy of your Company is firmed up on a bedrock of ethical values and professionalism which in excess of 3 decades of the Company's existence has become a part of its culture. Wendt (India) Limited, looks upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term stakeholder value creation. Good Corporate Governance Practices enable a Company to attract high quality financial and human capital. In turn, these resources are leveraged to maximize long-term stakeholder value, while preserving the interests of multiple stakeholders, including the society at large. Accordingly, timely and accurate disclosure of information regarding the financial position, performance, ownership and governance of the company is an important part of corporate governance. This improves understanding of the structure, activities and policies of the organization by investors and public. Consequently, the organization is able to attract and retain investors, and enhance the trust and confidence of the stakeholders.

Your Company endeavors to improve upon aspects like transparency, professionalism, accountability and fair disclosures, on an ongoing basis and takes necessary steps towards growth and enhancing value for its shareholders. This is guided by the 5 lights of the Murugappa Group.

While conducting business and its dealings, your Company abides by the principles of honesty, openness and doing what is right and fair. Your Company is committed to doing things the right way which means taking prudent business decisions and acting in a way that is ethical and is in compliance with the applicable legislation. These principles guide our behavior at all times.

Wendt practices the highest standards of corporate behavior towards everyone it works with, be it the communities or the environment. This is the path to a responsible, sustainable and profitable growth while creating long term value for your Company's stakeholders, people and our business partners and society at large.

Wendt's core values consist of the following:

- Adequate disclosures and effective decision making to achieve corporate objectives;
- Transparency and high degree of disclosure levels in business transactions;
- Ensuring compliance with applicable laws;
- Protection of shareholder interests;
- Commitment to values and ethical conduct of business.

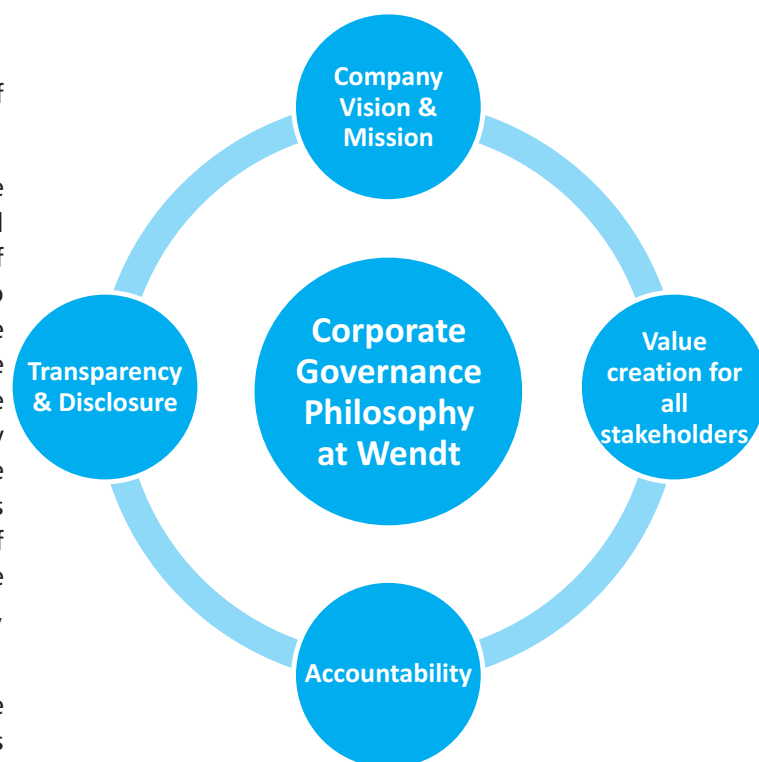

These are the foundation blocks on which the framework of the Corporate Governance is based to make Wendt a socially responsible citizen of business Community. At Wendt, our endeavor is to follow good governance in spirit than mere compliance with the code on Corporate Governance. We recognize that having a simple and transparent corporate structure driven solely by business needs will certainly bring in more transparency and will in turn satisfy the mandates of Corporate Governance. The driving force of Corporate Governance at Wendt are its core values, belief in people, entrepreneurship, customer satisfaction and pursuit of excellence.

Your Company has complied with the requirements of Corporate Governance code as prescribed by The Securities and Exchange Board of India (SEBI) in Chapter IV read with Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "SEBI Regulations") is given below:

The Company's Corporate Governance practice is based on the following:

BOARD OF DIRECTORS

At Wendt, we believe that sound Corporate Governance is critical to enhance and retain investor trust. Our Board exercises its fiduciary responsibilities in its true spirit. The primary role of the Board is that of trusteeship to protect and enhance stakeholders' value through strategic supervision of the Company and its subsidiaries. Our Company is headed by an effective Board that exercises leadership, integrity and judgment in directing so as to achieve

continuing prosperity and to act in the best interest of the Company. The Board plays a critical role in overseeing how the management serves the short and long term interests of shareholders and other stakeholders. This is reflected in our governance practices, under which we strive to maintain an active and informed Board.

a) Attributes of a Board

It is important to consider a variety of personal attributes among the Board incumbents including intellect, judgment, openness, honesty and the ability to develop trust. A Board requires Directors who have the intellectual capability to question status quo and debate any new policy / strategy as also offer suggestions and alternatives.

b) Size and Composition of the Board

Your Company's board consists of Directors, with varied and diverse professional background. The composition of the Board represents a finest blend of professionals from various backgrounds which enables the Board to discharge its responsibilities more efficiently and provide effective leadership by taking the Company's business to achieve greater heights. Independent Directors help to maintain the independence of the Board and separate the Board functions of governance from business management.

As of March 31, 2016, the Board at Wendt (India) comprises of 5 Non-Executive Directors out of which 2 are Independent Directors. Independent Directors apart from receiving sitting fee, do not have any other material pecuniary relationship or transactions with the Company, its promoters, its management or its subsidiaries, so as to avoid any influence & ensure independence of judgment on any decision. The Independent Directors, with their diverse knowledge and expertise provide valuable contribution in the deliberations and decisions of the Board, maintaining the requisite independence.

Pursuant to the retirement of Mr Kiran A Sheth, Independent Director from the Board in the AGM held on 27th July 2010, an Independent Director was required to be appointed as per the Regulation 17 of the SEBI (LODR) Regulations, 2015. A time frame of 180 days was available to do so and the process of identifying suitable candidates for filling up this position was initiated. In the meantime, consequent to the offer made by 3M (Schweiz) AG for the acquisition of Winterthur's group stake thereby resulting in the indirect acquisition of 40% stake in your Company, and the same being challenged by Carborundum Universal Limited, one of the Promoters of the Company, the Company Law Board, Chennai Bench has passed an interim order restraining the alteration of the Board of Directors of the Company. The filling up of the vacancy of the Independent Director and compliance of the Regulation 17 of the SEBI (LODR) Regulations, 2015 could be done subsequent to settling of the above case pending with the Company Law Board.

As per requirement of Regulation 17 (1) (b) of the SEBI (LODR) Regulations, 2015 with regard to the appointment of Woman Director by 31st March 2015. There was a petition filed by Carborundum Universal Limited, the Co-promoter of the Company against Wendt GmbH (other co-promoter), Winterthur Technologies AG, 3M Schweiz (AG) and others, the Company Law Board (CLB), Chennai bench has passed an interim order dated 19th January 2011 restraining the alteration of the composition of the Board of Directors of the Company till the matter is pending. The litigation is ongoing and there is no subsequent order passed by Company Law Board, Chennai Bench in this regard. The Woman Director can be appointed based on the development on the ongoing litigation.

Directorships and Committee Memberships:

The total number of Directorships held by the Directors and the position of Membership / Chairmanship on Committees as on 31st March 2016 is given below. c) Diversity in Board

The Wendt Board represents diversity in terms of all the parameters. The Company recognises and embraces the benefits of having a diverse Board. Diversity, in all its aspects, ensure an optimum composition of the Board such that the talent of all members of the Board blends together to be effective. A truly diverse Board comprising of appropriately qualified people with a broad range of experience relevant to the business of the Company, is integral to its success and is also an essential element in maintaining a competitive advantage on a sustainable basis. The Board is balanced by members having complementary knowledge, expertise and skills in areas such as business strategy, finance, legal, marketing, engineering, technology and such other areas that the Board considers desirable.

d) Board Meetings

The Board meets atleast once in a quarter to discuss and decide business policies/strategies and review the Financial Performance of the Company and its Subsidiaries. Apart from the above, additional Board meetings will be convened to address specific needs, if any, of the Company otherwise the Board's approval will be taken by passing resolution by circulation, as permitted by law, which will be approved in the immediate next Meeting of the Board held.

The tentative annual calendar of Board Meetings for the ensuing year is decided in advance by the Board. The Board Meetings are governed by a structured Agenda. Agenda for each meeting along with the explanatory notes are drafted and distributed well in advance to the Directors. Presentations are made by the CEO and the Senior Management Team on the Company's performance, operations, plans and other matters of importance on quarterly

basis. The Board has complete access to any information within your Company and they are updated about their roles and responsibilities in the Company.

During the year 2015-16, the Board of Directors of your Company met 5 times and the gap between two meetings did not exceed one hundred and twenty days. The necessary quorum was present for all the meetings. The dates on which the said meetings were held are as follows:

21st April 2015,
23rd July 2015,
23rd October 2015,
25th January 2016,
21st March 2016.

- 4 Board meetings are scheduled in advance for the entire year to be held after the end of each financial quarter. Additional Board meetings such as Board Meeting for Business Planning are convened by giving appropriate notice.
- In addition for any business exigencies, the resolutions are passed by circulation and later placed in the ensuing Board Meeting.
- Committees of the Board meet whenever required.

Independent Directors

Independent Directors play an important role in the governance processes of the Board. The Independent Directors of the Company provide an annual certificate of independence in accordance with Companies Act, 2013 and the SEBI Regulations, to the Company which is taken on record by the Board. All the board members including Independent Directors have the opportunity and access to interact with the management.

Appointment and Tenure

As regards the appointment and tenure of Independent Directors, following is the policy adopted by the Board:

- Wendt Board has adopted the provisions with respect to appointment and tenure of Independent Directors which is consistent with the Companies Act, 2013.
- The Independent Directors will serve a maximum of two terms of five years each.
- None of the Independent Directors serve as "Independent Directors" in more than seven listed companies.
- In the process of transition to the Companies Act, 2013, which is effective 1st April, 2014, those Independent Directors who have already served for ten or more years will serve for a maximum period of one term of five years. This is consistent with the provisions of Companies Act, 2013. In effect, the transition will be managed by re-appointing such Independent Directors for a period of one more term that does not exceed five years.

Board Evaluation

Pursuant to the provisions of the Act and the SEBI Regulations, the Board of Directors (Board) has carried out an annual evaluation of its own performance, and that of its committees and individual directors. A structured questionnaire has been prepared covering various aspects of the Board's and Committee's functioning. The performance of the Board was evaluated based on criteria that includes aspects like Composition and structure of the Board, effectiveness of the Board processes, information and functioning of the Board etc., Evaluation of the Committee's performance was based on the criteria like composition, its terms of reference and effectiveness of committee meetings etc., Individual Directors' performance evaluation is based on their preparedness on the issues to be discussed, meaningful and constructive discussions and their contribution to the Board and Committee meetings. The Chairperson was evaluated mainly on key aspects of his role. These performance exercises were conducted seeking inputs from all the Directors / committee members wherever applicable.

Board Familiarization Process

The Members of the Board are provided with many opportunities to familiarize themselves with the Company, its management and its operations. The Company familiarizes its Independent Directors on their appointment as such on the Board with the Company, their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, etc. through familiarization programme. The Company also conducts orientation programme upon induction of new Directors, as well as other initiatives to update the Directors on a continuing basis. **AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE
TO THE MEMBERS OF WENDT (INDIA) LIMITED**

1. We have examined the compliance of conditions of Corporate Governance by Wendt (India) Limited (" the Company"), for the year ended on March 31, 2016 as stipulated in:
 - Clause 49 (excluding clause 49 (VII) (E)) of the Listing Agreements of the Company with stock exchange(s) for the period from April 1, 2015 to November 30, 2015.
 - Clause 49(VII)(E) of the Listing Agreements of the Company with the stock exchange(s) for the period from April 1, 2015 to September 1, 2015.
 - Regulation 23(4) of the SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations) for the period from September 2, 2015 to March 31, 2016 and
 - Regulations 17 to 27 (excluding regulation 23(4) and clauses (b) to (i) of regulation 46(2) and para C, D, and E of Schedule V of the Listing Regulations for the period from December 1, 2015 to March 31, 2016.
2. The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
3. We have examined the relevant records of the Company in accordance with the Generally Accepted Auditing Standards in India, to the extent relevant, and as per the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India.
4. One of the conditions of Clause 49 of the Listing Agreement / Regulation 17 (1) (b) of the Listing Regulations requires that if the non-executive Chairman is a promoter, at least one-half of the Board of the Company should consist of independent Directors. An independent Director of the Company ceased to be a director w.e.f. July 27, 2010 and no other independent director has been appointed in his place up to the date of this certificate. Accordingly, as at March 31, 2016, the Company has two independent directors as against the requirement of minimum three directors.
5. One of the conditions of the Clause 49(IIA) of the Listing Agreement / Regulation 17(1)(a) of the Listing Regulations requires that the Board of the Directors of the Company should consist of one woman director. As on March 31, 2016, no woman director has been appointed.
6. In our opinion and to the best of our information and according to our examination of the relevant records and the explanations given to us and the representations made by the Directors and the Management and subject to our comments in Paragraph 4 and 5 above, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the Listing Agreement and Regulation 17 to 27 and clauses (b) to (i) of the regulation 46(2) and para C, D and E of Schedule V of the Listing Regulations for the respective periods of applicability as specified under paragraph 1 above, during the year ended March 31, 2016.
7. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

The Auditor's Certificate in regard to the same is submitted to BSE Limited and NSE Limited and is also placed before the Board of Directors.

21. Company's Recommendation to the Shareholders

Your Company recommends the following to the shareholders to mitigate/avoid risks while dealing with securities and related matters.

i) Dematerialize (Demat) your shares

Shareholders are requested to convert their physical holding to demat/electronic form through any of the Depository Participants (DPs) to avoid the hassles involved in the physical shares such as possibility of loss, mutilation, etc. and also to ensure safe and speedy transaction in shares. Holding shares in demat form helps investors to get immediate transfer to securities. No stamp duty is payable on transfer of shares held in demat form and risks associated with physical certificates such as forged transfers, fake certificates and bad deliveries are avoided.

ii) Register your National Electronic Clearing Service(NECS)/Electronic Clearing Service(ECS)

SEBI vide its circular dated 21st March 2013 has emphasized on the usage of electronic mode for payments to the members for various purposes. To ensure compliance, members are requested to provide an NECS/ECS mandate to the Company in case of shares held in physical form and ensure that the correct and updated particulars of their bank account are available with the depository participant (DP) in case of share held in demat form. This would also facilitate in receiving direct credits of dividends etc from companies and avoiding postal delays and loss in transit.

iii) Nomination facility

As per the provisions of the Companies Act, 2013, facility for making nomination is available for Members in respect of shares held by them. Members holding shares in physical form may obtain nomination form from the RTA of the Company, Karvy Computershare Private Limited. Members holding shares in dematerialized form should contact their Depository Participants (DP) in this regard. The members can approach the Company or Karvy Computershare Private Limited with regard to the same.

iv) Permanent Account Number (PAN)

Members who hold shares in physical form are advised that SEBI has made it mandatory that a copy of the PAN card of the transferees, members, surviving joint holders / legal heirs be furnished to the Company while obtaining the services of transfer, transmission and issue of duplicate share certificates.

v) Encash your Dividend in time

Please encash your dividends promptly to avoid hassles of revalidation/losing your right of claim owing to transfer of unclaimed dividends beyond seven years to **Investors Education and Protection Fund**.

vi) Support the Green Initiative

To support the 'Green Initiative', your Company has proposed to send Notice calling General Meetings, Annual Report and other documents in electronic mode in future vide its letter dated 9th June 2014 and 10th February 2012 to all the shareholders at their email addresses. It was also requested to inform the Company in case the shareholders wish to receive the above documents in physical form. Accordingly, the Annual Report along with Notice will be sent to the members in electronic mode at their email addresses.

Members holding shares in demat form are requested to provide their email id to the depository through their concerned depository participant and members holding shares in physical form are requested to provide email id to the Company at investorservices@wendtindia.com or at cs.wendt@karvy.com and also update the email address as and when there is any change.

vii) Quoting the Folio No./DP Id - Client ID

Members are requested to quote their Folio No. / DP & Client ID Nos., as the case may be, their Contact nos./ Fax nos. and email id in all correspondence with the Company. All correspondences regarding shares of the Company should be addressed to the Company's Registrar, Karvy Computershare Private Limited, Karvy Selenium Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad – 500 032.

viii) Specimen Signature

Please maintain a record of your specimen signature before lodgment of shares with the Company to avoid possibility of difference in signature at a later date.

ix) Updation of details

Members holding shares in physical form are requested to notify promptly any change in address/ pin code and bank account details. Beneficial owners of shares in dematerialized form are requested to send their instructions regarding change of address, bank details, nomination, power of attorney etc. directly to their DP as the same are maintained by the DPs.

x) Consolidation of securities

Member(s) of the Company who have multiple accounts in identical name(s) or more than one share certificate in the same name under different ledger folio(s) are requested to apply for the consolidation of such folio(s) and send the relevant share certificates to the Company.

xi) Queries at the AGM

Members desiring any information with regard to the accounts are requested to write to the Company at least a week in advance of the Annual General Meeting date so as to enable the management to keep the information ready. However, the queries relating to operational and financial performance may be raised at the Annual General Meeting.

xii) Lodging investor complaint with SCORES

SEBI has started an online investor grievance redressal forum “SEBI Complaints Redress System-SCORES”. Investors, have to first approach the Company/Registrar & Share Transfer Agent for their complaints redressal and in case they are dissatisfied with the response, they can log on to <http://scores.gov.in/> and lodge their complaint by doing one time registration.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 5.1 (f) under "Report on Other Legal and Regulatory Requirements' of our report of even date)

1.0 Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Wendt (India) Limited ("the Company") as of 31st March 2016 in conjunction with our audit of standalone financial statements of the Company for the year ended on that date.

2.0 Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

3.0 Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to be obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of the internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

4.0 Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

5.0 Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

6.0 Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 5.2 under 'Report on other Legal and Regulatory Requirements' section of our report of even date)

- (i) In respect of its fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.
 - (b) The fixed assets are physically verified during the year by the Management in accordance with a regular programme of verification, which in our opinion provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013.
- (iv) The Company has not granted any loans, made investments or provide guarantees and hence reporting under clause (iv) of the CARO 2016 is not applicable.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year. In respect of unclaimed deposits, the Company has complied with the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013.
- (vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under Sub-section (1) of Section 148 of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. NOTES FORMING PART OF THE FINANCIAL STATEMENTS

NOTE No.1

A COMPANY OVERVIEW

Wendt (India) Limited was incorporated on August 21, 1983 under the provisions of the erstwhile Companies Act, 1956, and is a joint venture between Wendt GmbH Germany and Carborundum Universal Limited, India. Wendt (India) Limited is a leading manufacturer of Super Abrasives, High precision Grinding, Honing and Special Purpose Machines and High Precision components. The Company's registered office is in Bangalore and factory is situated in Hosur, Tamilnadu.

B SIGNIFICANT ACCOUNTING POLICIES

1 BASIS OF ACCOUNTING AND PREPARATION OF FINANCIAL STATEMENTS:

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2 USE OF ESTIMATES:

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

3 INVENTORIES:

- Finished Goods and work-in-progress are valued at lower of cost and net realizable value. Cost comprises of materials, labour, and an appropriate proportion of production overheads and excise duty, wherever applicable and excludes interest, selling and distribution expenses. Cost is computed on weighted average basis.
- Raw materials, stores and spares are valued at lower of cost and net realizable value. Cost computed on weighted average basis includes freight, taxes and duties net of CENVAT / VAT credit, wherever applicable.

4 CASH FLOW STATEMENT:

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash flows from operating activities are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

5 FIXED ASSETS, DEPRECIATION AND AMORTIZATION:

Fixed assets are carried at cost less accumulated depreciation / amortization and impairment losses, if any. The cost of fixed assets comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalized and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on fixed assets after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalized and depreciation thereon is included in the project cost till the project is ready for its intended use. Individual assets costing less than Rs.5,000 each are depreciated in full in the year of acquisition.

Fixed assets acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash consideration. Fair market value is determined either for the assets acquired or asset given up, whichever is more clearly evident. Fixed assets acquired in exchange for securities of the Company are recorded at the fair market value of the assets or the fair market value of the securities issued, whichever is more clearly evident.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realizable value and are disclosed separately.

Capital work-in-progress:

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Capital Subsidy relating to projects in backward area is credited to capital subsidy reserve on receipt and Government grants relating to specific assets are deducted from the cost of such assets.

Intangible Assets are amortized over a period of 5 years or based on the period of usage / licence, whichever is lower. The estimated useful life of intangible assets and the amortization period are reviewed at the end of each financial year and the amortization method is revised to reflect the changed pattern.

Depreciation and amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the used / Second hand machines & process bath equipments, in whose case the life of the assets has been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Depreciation on assets added / disposed off during the year is provided on pro-rata basis from the month of addition or up to the month prior to the month of disposal, as applicable.

6 REVENUE RECOGNITION:

- Revenues are recognized and expenses are accounted on their accrual with necessary provisions for all known liabilities and losses. Revenue from Sale of goods is recognized on despatch of goods. Sales includes excise duty but excludes sales tax / VAT, discounts and returns as applicable.
- Revenue from rendering of services priced on a time and material basis is recognized on rendering of services as per the terms of contracts with customers.
- Export Benefits under Advance licence scheme are recognized on accrual basis on completion of export obligation.
- Dividend income on investments is accounted for when the right to receive the payment is established. Interest income is recognized on a time proportion basis considering the underlying interest rate.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

7 FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION :

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions. Monetary assets and liabilities outstanding at the year end are translated at the rate of exchange prevailing at the year end and the gain or loss is recognized in the Statement of Profit and Loss.

Exchange differences arising on actual payments / realizations and year end restatements are also recognised in the Statement of Profit and Loss.

8 INVESTMENTS:

Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long-term investments and are carried at cost. However, provision for diminution is made in the value of investments, if such diminution is other than of temporary nature.

Current investments are stated at lower of cost or fair value.

9 EMPLOYEE BENEFITS:

SHORT-TERM EMPLOYEE BENEFITS

Short term employee benefits including performance incentive and compensated absences which are expected to occur within 12 months after the end of the period in which the employee renders related service are determined as per Company's policy and recognized as expense based on expected obligation on undiscounted basis.

LONG-TERM EMPLOYEE BENEFITS - COMPENSATED ABSENCES

Accumulated Compensated absences which fall due beyond 12 months is provided for in the books on actuarial valuation basis at the year end using projected unit credit method.

DEFINED CONTRIBUTION PLANS

Superannuation fund, Provident fund and Pension fund are defined contribution plans towards which the company makes contribution at predetermined rates to the Superannuation Trust, and the Regional Provident Fund Commissioner respectively. The same is debited to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

The Company also makes contributions to state plans namely Employee's State Insurance Fund and Employee's Pension Scheme 1995 and has no further obligation beyond making the payment to them.

DEFINED BENEFIT PLAN

The liability for gratuity to employees as at the Balance sheet date is determined on the basis of actuarial valuation using Projected Unit Credit method. The amount is funded to a Gratuity fund administered by the trustees and managed by Life Insurance Corporation of India. The liability thereof is paid and absorbed in the statement of profit and loss at the year end. Actuarial Gains and losses arising during the year are recognised in the Statement of Profit and Loss immediately.

Termination benefits are recognized as an expense as and when incurred.

10 SEGMENT REPORTING:

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company with the following additional policies:

- Inter-segment revenues for this purpose are reported on the basis of prices charged to external customers.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

- Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the enterprise as a whole and not allocable to segments on a reasonable basis are included under "Other un-allocable Expenditure net of un-allocable income".

11 EARNINGS / (LOSS) PER SHARE:

The basic earnings/ (loss) per share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares.

12 TAXES ON INCOME :

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

13 RESEARCH AND DEVELOPMENT:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Fixed Assets.

14 IMPAIRMENT OF ASSETS:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

15 PROVISIONS AND CONTINGENCIES:

A provision is recognized when an enterprise has a present obligation as a result of past event, that can be estimated reliably and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. When no reliable estimate can be made, a disclosure is made as contingent liability and is disclosed by way of notes. Contingent assets are not recognised in the financial statements.

16 OPERATING CYCLE:

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Normal operating cycle is based on the time between the acquisition of assets for processing and their realisation into cash and cash equivalents.

INDEPENDENT AUDITORS' REPORT TO THE BOARD OF DIRECTORS OF WENDT (INDIA) LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Wendt (India) Limited (the "Company") and its subsidiaries (the Company and its subsidiaries constitute "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2016, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An

audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on the financial statements of the subsidiaries, referred to below in the Other Matter paragraph, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- in the case of the Consolidated Balance sheet, of the state of affairs of the Group as at 31st March, 2016;
- in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matter

We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets (net) of Rs.1,689 lakhs as at 31st March, 2016, total revenues of Rs.2,181 lakhs and net cash inflow amounting to Rs.53 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the reports of the other auditors.

Our opinion is not qualified in respect of this matter.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1

A GROUP OVERVIEW

Wendt (India) Limited was incorporated on August 21, 1983 under the provisions of the erstwhile Companies Act, 1956, and is a joint venture between Wendt GmbH Germany and Carborundum Universal Limited, India. Wendt (India) Limited is a leading manufacturer of Super Abrasives, High precision Grinding, Honing and Special Purpose Machines and High Precision components. The Company's registered office is in Bangalore and factory is situated in Hosur, Tamilnadu. The Company has 2 subsidiaries viz. Wendt Grinding Technologies Limited, Thailand and Wendt Middle East FZE, UAE.

B SIGNIFICANT ACCOUNTING POLICIES

1 BASIS OF ACCOUNTING AND PREPARATION OF FINANCIAL STATEMENTS:

The Consolidated financial statements comprise the financial statements of Wendt (India) Ltd (the Holding Company) and its subsidiaries. Together, the companies constitute the "Group". The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / the Companies Act, 1956 ("the 1956 Act"), as applicable. The consolidated financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2 PRINCIPLES OF CONSOLIDATION

- The financial statements of the subsidiary companies are drawn upto the same reporting date as that of the Company i.e., 31 March, 2016.
- The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
- The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.
- Following subsidiary companies have been included in Consolidation:-

Sr. No	Name of the Subsidiary	Country of Incorporation	Ownership Proportion	
			31.03.2016	31.03.2015
1	Wendt Grinding Technologies Limited (Incorporated on 19th July 2005)	Thailand	100%	100%
2	Wendt Middle East FZE (Incorporated on 24th September 2008)	Sharjah (UAE)	100%	100%

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(Rs. in lacs)

3 USE OF ESTIMATES

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

4 INVENTORIES:

- Finished Goods and work-in-progress are valued at lower of cost and net realizable value. Cost comprises of materials, labour, and an appropriate proportion of production overheads and excise duty, wherever applicable and excludes interest, selling and distribution expenses. Cost is computed on weighted average basis.
- Raw materials, stores and spares are valued at lower of cost and net realizable value. Cost computed on weighted average basis includes freight, taxes and duties net of CENVAT / VAT credit, wherever applicable.

5 CASH FLOW STATEMENT:

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash flows from operating activities are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

6 FIXED ASSETS, DEPRECIATION AND AMORTISATION:

Fixed assets are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. The cost of fixed assets comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on fixed assets after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till the project is ready for its intended use. Individual assets costing less than Rs.5,000 each are depreciated in full in the year of acquisition.

Fixed assets acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash consideration. Fair market value is determined either for the assets acquired or asset given up, whichever is more clearly evident. Fixed assets acquired in exchange for securities of the Company are recorded at the fair market value of the assets or the fair market value of the securities issued, whichever is more clearly evident.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Capital work-in-progress:

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Capital Subsidy relating to projects in backward area is credited to capital subsidy reserve on receipt and Government grants relating to specific assets are deducted from the cost of such assets.

Intangible Assets are amortized over a period of 5 years or based on the period of usage / licence, whichever is lower. The estimated useful life of intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.

Depreciation and amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the used / Second hand machines & process bath equipments, in whose case the life of the assets has been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Depreciation on assets added / disposed off during the year is provided on pro-rata basis from the month of addition or up to the month prior to the month of disposal, as applicable.

A) In the case of Wendt Grinding Technologies Ltd, the depreciation is provided on Straight line basis on the estimated useful life of the assets as follows.

	No. of years
i) Building	20
ii) Machine and equipment, Tools, Furniture and Fixture, Vehicles	5

B) In the case of Wendt Middle East FZE, the depreciation is provided on Straight line basis on the estimated useful life of the assets as follows.

	No. of years
i) Plant and Machinery	4
ii) Lease hold improvements	4
iii) Furniture and Fixtures	3
iv) Computers	3

7 REVENUE RECOGNITION:

- Revenues are recognized and expenses are accounted on their accrual with necessary provisions for all known liabilities and losses. Revenue from Sale of goods is recognised on despatch of goods. Sales includes excise duty but excludes sales tax / VAT, discounts and returns as applicable.
- Revenue from rendering of services priced on a time and material basis is recognised on rendering of services as per the terms of contracts with customers.
- Export Benefits under Advance licence scheme are recognized on accrual basis on completion of export obligation.
- Dividend income on investments is accounted for when the right to receive the payment is established. Interest income is recognised on a time proportion basis considering the underlying interest rate.

8 FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION :

- Company: Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions. Monetary assets and liabilities outstanding at the year end are translated at the rate of exchange prevailing at the year end and the gain or loss is recognized in the Statement of profit and loss.
- Non-integral foreign operations: Transactions of non-integral foreign operations are translated at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. All assets and liabilities of non-integral foreign operations are translated at the year-end rates.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

- Company: Exchange differences arising on actual payments / realizations and year end restatements are also recognised in the Statement of profit and loss.
- Non-integral foreign operations: The exchange differences on translation of balances relating to non-integral foreign operations are accumulated in a "Translation adjustment reserve" until disposal of the operation, in which case the accumulated balance in "Translation adjustment reserve" is recognised as income / expense in the same period in which the gain or loss on disposal is recognised.

9 INVESTMENTS:

Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long term investments and are carried at cost. However, provision for diminution is made in the value of investments, if such diminution is other than of temporary nature .

10 EMPLOYEE BENEFITS:

SHORT TERM EMPLOYEE BENEFITS

Short term employee benefits including performance incentive and compensated absences which are expected to occur within 12 months after the end of the period in which the employee renders related service are determined as per Company's policy and recognized as expense based on expected obligation on undiscounted basis.

LONG TERM EMPLOYEE BENEFITS - COMPENSATED ABSENCES

Accumulated Compensated absences which fall due beyond 12 months is provided for in the books on actuarial basis at the year end using projected unit credit method.

DEFINED CONTRIBUTION PLANS

Superannuation fund, Provident fund and Pension fund are defined contribution plans towards which the company makes contribution at predetermined rates to the Superannuation Trust, and the Regional Provident Fund Commissioner respectively. The same is debited to the Statement of Profit and Loss based on the amount of contribution required to be made as and when services are rendered by the employees.

The Company also makes contributions to state plans namely Employee's State Insurance Fund and Employee's Pension Scheme 1995 and has no further obligation beyond making the payment to them.

DEFINED BENEFIT PLAN

The liability for gratuity to employees as at the Balance sheet date is determined on the basis of actuarial valuation using Projected Unit Credit method. The amount is funded to a Gratuity fund administered by the trustees and managed by Life Insurance Corporation of India. The liability thereof is paid and absorbed in the statement of profit and loss at the year end. Actuarial Gains and losses arising during the year are recognised in the Statement of Profit and Loss immediately.

Termination benefits are recognized as an expense as and when incurred.

11 SEGMENT REPORTING:

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group with the following additional policies:

- Inter-segment revenues are accounted on the basis of prices charged to external customers.
- Revenue and expenses are identified to segments on the basis of their relationship to the operating activities

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(Rs. in lacs)

of the segment. Revenue and expenses, which relate to the enterprise as a whole and not allocable to segments on a reasonable basis are included under "Other un-allocable Expenditure net of un-allocable income".

12 EARNINGS / (LOSS) PER SHARE:

The basic earnings/ (loss) per share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares.

13 TAXES ON INCOME :

Current tax is determined on the basis of taxable income and tax credits, where applicable, computed for each of the entities in the Group in accordance with the provisions of applicable tax laws of the respective jurisdictions where the entities are located.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

14 RESEARCH AND DEVELOPMENT:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Fixed Assets.

15 IMPAIRMENT OF ASSETS:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(Rs. in lacs)

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

16 PROVISIONS AND CONTINGENCIES:

A provision is recognized when the Group has a present obligation as a result of past event, that can be estimated reliably and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. When no reliable estimate can be made, a disclosure is made as contingent liability and is disclosed by way of notes. Contingent assets are not recognised in the financial statements.

17 OPERATING CYCLE:

All assets and liabilities are classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Normal operating cycle is based on the time between the acquisition of assets for processing and their realisation into cash and cash equivalents.
