Wendt Domestic Business records 99% performance level

The last three years the economy has severely impacted series of domestic global disarrays owing the business environment out of gear and deceleration and downward growth. As a consequence, the Indian economy could achieve a modest growth rate of around 4.5% in the last several years. Although some of the developed countries have started seeing a slow recovery in the domestic front the optimism and confidence largely remains weak as a result of the continued 2013-14, the toughish growth of domestic energy prices, the higher raw materials, repeated reduction in investments in an expected, without reduction in investments in as led to particularly added up to with the essential of the on the vicious delays, and by financial in the high growth in the sector, in the marked on and has been dealt with the aim of this initial period and the expansion of domestic interactions.

the export has achieved a creditable growth of 36% compared to the previous year with a moderate 6% growth on overall basis

previous year with a moderate 6% growth on overall basis. In the domestic business, while the sales of Super abrasives products to some of industry segments like Automotive, Cutting Tools, Engineering was between 2% to 6% as compared to the previous year, the decline was lower and more pronounced in segments like Steel & Ceramics. As earlier explained, for your company, the continued socio-economic instability and mired by political issues resulting in contraction of average capacity utilization to a 50% below level with hardly any sizable new investments announcement by the Government and Foreign player. The UAE region being primarily an economy driven by Oil, Construction and Tourism, continued fluctuation in these sectors resulted in sharp inflation.

Amid these challenges and adversaries, your subsidiary has strived to focus on new initiatives like increased product range, new markets and improved service level. The motto churning out a better product, better quality and better service level is the key to your success. In India, but in the South Asian countries as well. It also recognizes that the review of accounting practices, preparation of financial statements, disclosure of financial information in the Annual Report are based on philosophy of transparent disclosures, integrity and reliability.

Wendt continues to place high emphasis on aspects such as Safety, Health of not only its workforce but also equal importance on environment management of your company which is conducive and efficient too. Towards this, the top management stays ever committed for maintaining high standards for safety, health and environment management by being fully compliant to applicable statutory requirements per OHSAS 18001.

Wendt Middle East FZE, Sharjah records 27% growth over last year

The second subsidiary of your Company's in Sharjah, Wendt Middle East FZE, had turned profitable in FY 12-13 after initial years of hiccups and has done even better in the FY 13-14 despite odds and market volatility. During the year, it has achieved an annual sale of AED 25.22 Laacs (Rs.416 Laacs) a growth of 27% over the previous year. You would note that earlier year it had undertaken a major restructuring and cost control initiative which have tremendously helped the subsidiary to end the year with a PBT of AED 6.61 Laacs (Rs. 109.13 Laacs), a growth of 27% over the last year.

WENDT received the Certificate of Merit Award for Excellence in Financial Reporting from SAFA

Wendt Grinding Technologies Limited, Thailand records 15% growth over last year

Your Company's 100% owned subsidiary in Thailand has yet again achieved a laudable performance amid economic downturn, heavy floods and socio-economic issues and all time low industrial activities. During the year, your company's subsidiary achieved a top line sales of Thai Baht 723.54 Laacs (Rs.1398 Laacs), a 15% growth over last year. The Profit Before Tax was Thai Baht 142.15 Laacs (Rs.261 Laacs) and Profit After Tax was Thai Baht 113.32 Laacs (Rs.206 Laacs), lower by 13% over last year.

While many of the customers utilized their capacities around 65% levels for most part of the year, your subsidiary kept its vigil and focus on exploring new business opportunities with industries like Glass, Automobile, Steel, Auto parts, Ceramics, Cement and Engineering which well compensated for the drop. Last year, your subsidiary added Ceramic products mainly for Cement industry to its portfolio as a part of product offering to address the gap from one of the group companies and has seen initial successes and encouraging responses from the customers.

The subsidiary company continued its active participation in major Industrial and Trade fairs.

The increase in topline has been possible as a result of addition of products to the existing basket as well as new market continued in the customers during the year.

Wendt has been using SAP ERP including the HR for many years now. However, seamless integration between various modules as the key for harnessing the full benefits of the ERP has been identified as one of the priorities by your company during the year. Accordingly it has initiated work on some of the critical business processes such as production planning materials management, financials and receipts, SAP-CIP integration as a part of project towards productivity improvement, prioritization, scheduling and cycle time reduction.

IT enabled Knowledge Management System is another area which your company has embarked on and has been dealt with the aim of this initial period and the expansion of domestic interactions.

Wendt ensures livelihood and gainful employment opportunities as part of Corporate Social Responsibility

Your company sincerely acknowledges the role and responsibility of a good corporate and its Corporate Social responsibility pursuits have always been based on the foundation of ethics and utmost transparency in all its business dealings and as such the contributions your company makes for economic development which are not limited to the workforce alone and their families but extends to the local and their families and society at large.

The Skill Development Centre established two years back within the premises by joining hands with its parent company CUMI, has been progressing well with addition of new batch of students. As you may be aware, your company makes contributions for various social causes like child education, old age, orphanages, healthcare, employability and environment preservation. It also places emphasis on tree plantation and afforestation not only in the premises but also adjoining areas by distributing free saplings.

Wendt records Zero accident with no loss of man days

Wendt continues to place high emphasis on aspects such as Safety, Health of not only its workforce but also equal importance on environment management of your company which is conducive and efficient too. Towards this, the top management stays ever committed for maintaining high standards for safety, health and environment management by being fully compliant to applicable statutory requirements per OHSAS 18001.

WENDT Launches New Grinders & Honing Machines

The Non-Superabrasive Business comprising of machines and precision components achieved a moderate growth of 4% over the previous year. In an extremely difficult year characterized by deferment/freeze on capex, few project orders, postponement of investment decisions by most customers, this performance has been possible as a result of your company's best efforts against these tough conditions. During the year, your company has developed many new models/variants of machines and successfully executed some of them like CNC Rotary Surface Grinding Machines and launch of TC Ring Grinding Machine for mini steel plants. This machine has received encouraging responses from some of the potential users. Your company also has started development of few new models of Honing Machines with vertical spindle, one of them is scheduled for launch in few months from now. These new models are expected to address to a wider range of industry applications thereby increased customer base in addition to enhancing the existing product basket for your company in future.

On the precision components area, during the year, your company has fully completed the development of two new applications and started the commercial production in small quantities on account of slow-down. By leveraging its knowledge and competencies in Machines and related Superabrasive Tools, your company has also started commercial production of honed precision ground and honed components for customers. At the same time, you company is in the process of exploring few other opportunities in this area which would not only strengthen the precision component business but also become a new engine for future growth.

WENDT records 36% growth in Exports

Despite the continued slowdown and subdued market situation, your Company has put in its best efforts to achieve a Top line of Rs.9449 Laacs during the year which is 6% higher compared to the year 2012. The efforts by your Company has been primarily possible through developments in product comprehensive product integration of every Bond sales process that will help the customer both in domestic and export markets. Sluggish Growth affects Domestic Demand, Genera High Energy Prices, Weakens the Indian Rupee

The slowdown in the Indian economy continued for the year 2013-14, resulting in another tough year of sluggish growth affecting domestic demand, high energy prices, weakening of the Indian Rupee, higher raw material costs, repeated increases in the interest rates and lower investments than expected. Fall in savings without corresponding reduction in aggregate investments in critical areas led to widening of current account deficit. Higher inflation rates particularly in food grains and essential items, have all added up to the successive deceleration. One of the reasons of stalling growth has been the vicious cycle of regulatory delays, financial intervention and aversion by financial institutions and corporations in the high value projects. With the in the process of exploring few other opportunities in this area which would not only strengthen the precision component business but also become a new engine for future growth.

One of the main reasons of stalling growth has been the vicious cycle of regulatory delays, judicial intervention and risk aversion by financial institutions and corporations in the high value projects.

The moderation effect by the manufacturing sector has taken toll on the overall growth in addition to having a commensurate impact on the services sector as well during the fiscal which contributes to 60% of the GDP and resultant contraction over previous year. This has been reflected as a common factor of weakness and negative sentiment across automotive and auto component industry as also infrastructure due to lack of new project approvals by the lenders. The average capacity utilization by the manufacturing sector continued to be around 60-70% level specifically for Automotive, Engineering and Cutting Tool industries sectors resulting from overall lower demand. Despite deceleration in the domestic market and paltry recovery in some of the developed nations, India's export showed a gradual pick up partly contributed by rupee depreciation and improving demand in USA and European markets. While industry segments such as Automobile, Auto Components, Steel, Cutting Tools, Machine Tools & ceramics are the worst affected due to heightened industrial slowdown, segments like Refractory, Engineering and Glass have demonstrated a marginally better results compared to the previous year. While the continued slowdown and weak global scenario has had its impact on the Indian economy, it has spread to all the sectors resulting in a modest GDP

(Gross Domestic Product) growth.

The Industrial Production numbers have continued to be below normal on account of poor performance of core sectors having recorded a meager 1 % growth which is around the same level of last year. The fall in output in manufacturing numbers has been mainly driven by lower inflow of orders, sharp fall in investments by capital goods sector, engineering, consumer goods and allied industry segments. However, in last few months, there has been some positive improvement in business sentiment, improved confidence and expectation of a recovery in growth and decline in inflation expectation, mainly on account of intervention by RBI to check capital outflow and upcoming general elections.

Last few months, has seen some positive improvement in business sentiment

WENDT Implements Customer Relationship Management (CRM)

In order to enhance the reach and build better relationship with the customers, your Company has undertaken the implementation of Customer Relationship Management (CRM) in association with SAP which is progressing well. This comprehensive approach towards customer will help the company with seamless integration of every aspect of marketing and sales process that directly connects the customer both in domestic and export markets. It would create new opportunities for long term value creation for both customer and firm.

Some of the major benefits your company expects to derive from CRM are:

- Global reach through offering value proposition and effectively addressing customer needs
- Knowledge and solution base platform through integration with CRM, streamlining the Knowledge Management process, helping the team with quick implementation of lean practices, company is aimed at eliminating activities at every possible stage touching as many areas as possible.

WENDT Embarks on Lean Management System

Accordingly, the Board recommends the resolution in relation to appointment of Mr. Shrinivas G Shirgurkar as an Independent Director for approval by the shareholders of the Company.

Memorandum of Interest

Except Mr. Shrinivas G Shirgurkar, being the appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise in the aforesaid Ordinary Resolution.

Item no. 4

Pursuant to Section 139 of the Companies Act, 2013 ("the Act") the Statutory Auditors have to be appointed for a term of five years and such appointment is subject to ratification by the members every year in the annual general meeting. Further, auditors of listed companies need to be necessarily rotated every 10 years in case the audit is done by an audit firm. For the purposes of rotation, the number of years already served as auditors is to be considered. However, a transition period of a maximum 3 years has been given from 1st April, 2014 to effect rotation of auditors, wherever necessary.

Being eligible for appointment, under the provisions of the new Companies Act, 2013, they have furnished their consent to act as the Statutory Auditors, in terms of the second proviso to Section 139 of the Act and also provided a certificate to the effect that their appointment, if made, shall be in accordance with the conditions laid down and that they satisfy the criteria provided under Section 141 of the Act.

Further, Section 142 of the Act requires the remuneration of the auditors to be fixed in the general meeting and the same shall include the expenses, if any, incurred by the auditor in connection with the audit of the company and any facility extended to them.

Accordingly, the approval of the Members is presently sought by means of an Ordinary Resolution for the re-appointment of M/s. Deloitte Haskins & Sells, Chartered Accountants, as the Statutory Auditors, to audit the standalone and consolidated financial statements of the Company for the period from the conclusion of the 32nd Annual General Meeting until the conclusion of the 34th Annual General Meeting on the remuneration as per details provided under Item no. 4 of the Notice of the Annual General Meeting.

The Board recommends the re-appointment of the statutory auditors of the Company for approval of the shareholders.

Memorandum of Interest

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise in the aforesaid Ordinary Resolution.

REPORT OF THE DIRECTORS

(Including Management Discussion and Analysis)

Your Directors are pleased to present the 32nd Annual Report together with the Audited Financial Statements for the year ended 31st March 2014. The Management Discussion & Analysis Report has been included in the Directors Report so as to avoid duplication and repetition.

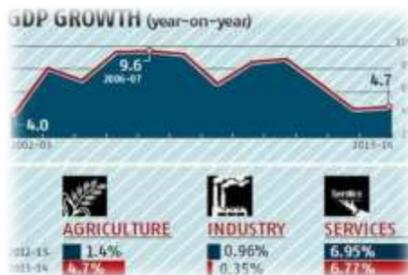

ECONOMIC OVERVIEW

The slowdown in the Indian economy continued for the year 2013-14, resulting in another tough year with sluggish growth affecting domestic demand, high energy prices, weakening of the Indian Rupee, higher raw material costs, repeated increases in the interest rates and lower investments than expected. Fall in savings without corresponding reduction in aggregate investments in critical areas led to widening of current account deficit. Higher inflation rates particularly in food grains and essential items, have all added up to the successive deceleration. One of the main reasons of stalling growth has been the vicious cycle of regulatory delays, judicial intervention, risk aversion by financial institutions and corporations in high value projects. With the loss of optimism in manufacturing sector, most companies have resorted to either deferment or significant reduction in their capital expenditures. The moderation effect by the manufacturing sector has taken a toll on the overall growth in addition to having a commensurate impact on the services sector during the year which contributes to 60% of the GDP and the resultant overall contraction over previous year. This has been reflected as a common factor of weakness and negative sentiment across automotive and auto component industry as also infrastructure due to lack of new project approvals by the lenders. The average capacity utilization by the manufacturing sector continued to be around 60-70% level specifically for Automotive, Engineering and Cutting Tool industry sectors resulting from overall lower demand.

Despite deceleration in the domestic market and paltry recovery in some of the developed nations, India's export has shown a gradual pick up partly contributed by rupee depreciation and improving demand in USA and European markets. While industry segments such as Automobile, Auto Components, Steel, Cutting Tools, Machine Tools & ceramics are the worst affected due to heightened industrial slowdown, segments like Refractory, Engineering and Glass have demonstrated marginally better results compared to the previous year. While the continued slowdown and weak global scenario has had its impact on the Indian economy, in the domestic arena, it has spread to all the sectors resulting in a modest GDP (Gross Domestic Product) growth.

The Industrial Production numbers have continued to be below normal on account of poor performance of core sectors having recorded a meagre 1% growth which is around the same level of last year. The fall in output in manufacturing numbers has been mainly driven by lower inflow of orders, sharp fall in investments by capital goods sector, engineering, consumer goods and allied industry segments. However, in last few months, there

has been some positive improvement in business sentiment, improved confidence and expectation of a recovery in growth and decline in inflation expectation, mainly on account of intervention by RBI to check capital outflow and upcoming general elections.

RESULTS OF OPERATIONS

Despite the continued slowdown and subdued market situation, your Company has put in its best efforts to achieve a top line of Rs.9449 Lacs during the year which is 6% higher compared to the previous year. While few industry segments like Refractory, Engineering and Glass have positively contributed in the domestic market, business from other segments such as Automobile, Auto component, Cutting Tools, Steel and Ceramics had adverse impact on your company's sales resulting in 1% lower than last year. On the other hand, the Export business despite continued volatility and slow recovery, has achieved a growth of 36% as compared to the previous year.

Your Company continues to pursue business by focusing on three clearly defined verticals such as **Super abrasives**, **Non-Super abrasives** and **International Business**. Your company having taken cognizance of the

current slowdown as one that is temporary and believing firmly in long-term growth of the company, it continues to make suitable investments and deploy the required resources in identified areas to ensure that the long term growth of your Company is sustained.

Super abrasive Business consisting of Diamond / CBN Grinding Wheels & Tools, Precision Dressing Rolls, Hones, Segmented Products & Stationary Dressers, achieved a growth of 7% over the previous year surpassing the industry average growth. This has been possible primarily due to constant efforts by your Company on new developments in product and applications. During the year, your Company successfully introduced some of new products including Resin Bond Wheels for Rotary Tools, Vitrified CBN Wheels for Auto and Auto Component, Precision Electroplated products for Engineering, Gear and Ceramics, Brazed Diamond Products for Textile and Precision Dressing Rolls for Bearing and certain auto component applications.

During the year, Your Company has augmented the Research and Development Centre and pursued indigenous development of some of the Bonds/Matrix in an effort to gain self-sufficiency in this area following the discontinuance of technical collaboration with its parent company Wendt GmbH. As you may be aware, your Company has gained competency in developing new applications / products for various industries over the years and the R & D Centre now complements these efforts well in all future endeavors for the Company. The recognition of the R & D Centre by the Department of Science and Industrial Research (DSIR), also provides an opportunity for your company to engage in jointly carrying out research & development work

with other leading research organizations and laboratories on new technology frontiers.

The **Non-Superabrasive Business** comprising of machines and precision components achieved a moderate growth of 4% over the previous year. Despite an extremely difficult year characterized by deferment/freeze on capex, few project orders from the customers, the performance has been a decent one. During the year, your Company has developed many new models/variants of machines and successfully executed orders on CNC Rotary Surface Grinding Machines. The Company also successfully launched TC Ring Grinding Machine for mini steel plants which has received encouraging responses from some of the potential users. Your Company during the year has also started development of few new models of Honing Machines with vertical spindle, one of them is scheduled for launch in few months from now. These new models are expected to address to a wider range of industry applications thereby de-risking from dependence purely on automotive segment while also increasing the customer base and help in enhancing the product basket for your Company.

On the precision components area, during the year, your Company has fully completed the development of two new applications and started the commercial production in small quantities. By leveraging its knowledge and competencies in Machines and related Superabrasive Tools, your Company has also started commercial production of precision ground and honed components for one of the customers. At the same time, the Company is in the process of exploring few other opportunities in this area which would not only strengthen the precision component business but also become a new engine for future growth.

FOCUS ON CUSTOMER CENTRICITY

In order to enhance the reach and build better relationship with the customers, your Company has undertaken implementation of **Customer Relationship Management (CRM)** in association with SAP which is progressing well. This comprehensive approach towards customer will help the company with seamless integration of every aspect of marketing and sales process that directly connects the customer both in domestic and export market. Besides enhancing business relationship, it would create new opportunities for long term value creation for both customers and the company based on win-win situation.

Some of the major benefits your Company expects to derive from CRM are:

- Global reach through offering value proposition and effectively

- addressing customer needs
- Knowledge and solution base platform through integration with company's Knowledge Management Hub thus helping the team with quick responses to customers with accuracy and minimum effort
- Better, faster and precise customer service and gaining competitive edge over its peers
- 360 degree view of customers and insightful analytics

FOCUS ON PROCESS EFFICIENCY

During the year, your Company has embarked on **Lean Management System** in order to enhance process efficiency. Identification and elimination of bottlenecks, smooth integration of key areas in quality, planning, scheduling, production and operations is envisaged. Optimal utilization of various workstations, equipment and machines through effective planning and proper scheduling of material movement will streamline the process flows and significantly improve efficiency. Thus the implementation of lean management by your Company would ensure elimination of non-value added activities in the process flow touching overall effective utilization of the resources through use of scientific methods and tools. With this initiative, your Company is expected to reap

long term benefits in terms of process reliability, better deliveries and higher customer satisfaction.

Some of the major benefits your Company expects are

- Reduction in lead time for product delivery
- Reduction in rejection levels
- Better control on Work in Progress and Raw Material Planning
- Reduction in outsourcing cost
- Improved employee productivity
- Cost effective products to customers

FUTURE PROSPECTS

Your Company has aligned the Business processes with the Strategies and Objectives and constantly strives to achieve superior performances year on year by focusing on products and process Innovation on a sustainable basis. To do this, deployment of appropriate technologies and processes are paramount in areas such as indigenous Bond development, process automation and effective utilization of machines and equipment. Your Company makes special effort to capitalize on the emerging opportunities in growing industrial segments through New Products for New Markets. Your Company continuously explores opportunities for its existing range of products for the New Industry segments.

Accordingly, the company continues to strengthen its presence in Construction, Infrastructure, Aerospace, Ceramics, Defense and Railways to ensure future growth. While doing so, its key account management and increase of share of business with large customers for existing products would be pursued as a part of Market Penetration. These pursuits would be well supported by active participation in major national and international trade shows, exhibitions, providing customer education and value added services. Riding on the good export performance for the year, presence in export market and enhancing the global foot print would be focused by the company.

The acquisition of Winterthur Technology Group (WTG) by the US multinational 3M Corporation and resultant indirect acquisition of 40% equity share holding in your Company continues to be a matter of contention while not being an issue. The matter still continues to be under the purview of The Honorable Company Law Board (CLB), Chennai and your Company expects the ownership matter to be resolved soon.

SUBSIDIARY COMPANIES

Wendt Grinding Technologies Limited, Thailand

Your Company's 100% owned subsidiary in Thailand has yet again achieved a laudable performance amid economic downturn, heavy floods and socio-economic issues and all time low industrial activities. During the year, your Company's subsidiary achieved a top line sales of Thai Baht 723.54 Lacs (Rs.1398 Lacs), a 15% growth over last year. The Profit Before Tax was Thai Baht 142.15 Lacs (Rs.261 Lacs) and Profit After Tax was Thai Baht 113.32 Lacs (Rs.206 Lacs), lower by 13% over last year.

The increase in topline has been possible as a result of addition of products to the existing basket as well as new markets and customers during the year.

While many of the customers utilized their capacities around 65% levels for most part of the year, your subsidiary kept its vigil and focus on exploring new business opportunities with industries like Glass, Automobile, Steel, Auto parts, Ceramics, Cement and Engineering which well compensated for the drop. Last year, your subsidiary added Ceramic products mainly for Cement industry to its portfolio as a part of product offering to address the gap from one of the group companies and has seen initial successes and encouraging responses from the customers.

The subsidiary company continued its active participation in major Industrial and Trade Exhibitions with a clear focus on brand building, networking and seizing new business opportunities. It also organized many technical seminars at customer places, organized plant tours for its key customers to showcase its capability which are expected to benefit the subsidiary in the near future.

Wendt Middle East FZE, Sharjah

The second subsidiary of your Company in Sharjah, Wendt Middle East FZE, had turned profitable in FY 12-13 after initial years of hiccups and has done even better in the FY 13-14 despite odds and market volatility. During the year, it has achieved an annual sale of AED 25.22 Lacs (Rs.416 Lacs) a growth of 27% over the previous year. You would note that earlier year it had undertaken a major restructuring and cost control initiative which have tremendously helped the subsidiary to end the year with a PBT of AED 6.61 Lacs (Rs.109.13 Lacs), a growth of 78% over the last year.

As you may be aware, the manufacturing scenarios in the entire region including the neighboring countries has been severely affected on account of continued socio-economic instability and mired by political issues resulting in contraction of average capacity utilization to below 50% level

with hardly any sizable new investments announcement by the Government and Foreign player. The UAE region being primarily an economy driven by Oil, Construction and Tourism, continuous fluctuation in these sectors has resulted in sharp rise of inflation.

Amid these challenges posed by all round slowdown and adversaries, your subsidiary has strived to focus on new initiatives like increased product range, new markets and improved service levels in the region to churn out a better than expected performance during the year.

CORPORATE SOCIAL RESPONSIBILITY

Your Company sincerely acknowledges the role and responsibility of a good corporate and its Corporate Social responsibility pursuits have always been based on the foundation of ethics and utmost transparency in all its business dealings and as such the contributions your company makes for economic development which are not limited to the workforce alone and their families but extends to the local communities, schools and society at large.

Thus, befitting the company's size & operations, your Company makes contributions for various social causes like child education, old age, orphanages, healthcare, employability and environment preservation. It also places emphasis on tree plantation and afforestation not only in the premises but also adjoining areas by distributing free saplings.

The Skill Development Centre established two years back within the premises by joining hands with its parent company CUMI, has been progressing well with addition of new batch of students. As you may be aware, the objective of this initiative is to provide vocational training - a platform for continuance of formal education, employability opportunities and create highly skilled & productive workforce for the company and outside industry in future. By doing this, your Company not only ensures livelihood and gainful employment it also makes a conscious effort to bring transformation and uplift the lives of young children drawn from poor, underprivileged and back-ward classes of the society.

DIVIDEND

Your Directors are pleased to recommend a Final Dividend of Rs 15/- per equity share of face value Rs 10/- each (150%) for the year ended 31st March'2014. This is in addition to the Interim Dividend of Rs 10/- per equity share of face value of Rs 10/- each paid on 15th February 2014.

The Final Dividend, subject to approval of members at the 32nd Annual General Meeting will be paid to those shareholders whose names appear on the register of members of the company as on 24th July, 2014. If approved, the total Dividend for the financial year, including the interim

dividend, amounts to Rs 25/- per equity share and will absorb Rs.581 Lacs including dividend distribution tax of Rs 81 Lacs.

The Dividend will be tax-free in the hands of the shareholders.

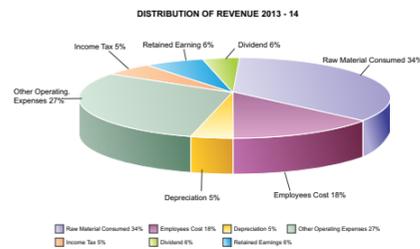

TRANSFER TO RESERVES

Your Company proposes to transfer Rs. 119 Lacs to the General Reserve. An amount of Rs. 3233 Lacs is proposed to be retained in the Statement of Profit & Loss.

CONSOLIDATED FINANCIAL RESULTS

As per General Circular No. 2/2011 dated 8th February 2011 issued by The Ministry of Corporate Affairs (MCA), Government of India, a general exemption was provided to Companies for attaching the Directors Report, balance sheet, profit and loss account of all subsidiary companies to its Annual Report, subject to fulfilling certain conditions as stipulated in the circular. Your Company complies with those conditions and therefore the financial statements of the subsidiaries are not attached in its Annual Report. The audited annual accounts and related information of the subsidiaries is available in our website- www.wendtindia.com.

The Consolidated Financial Statements (incorporating the operations of the Company and its two subsidiaries), in terms of Clause 32 of the Listing Agreement and prepared in accordance with Accounting Standard 21 as specified in Companies (Accounting Standards) Rules, 2006 also form part of this Annual Report. A statement of summarized financials of all subsidiaries of your company including capital, reserves, total assets, total liabilities, details of investment, turnover etc pursuant to General Circular issued by MCA forms part of this report. The key financial data for the

consolidated operations are as given below:-

QUALITY

Your Company manufactures products that embed a high level of precision and accuracy as demanded by the customers and various industry segments. While the Super Abrasives Product range consists of Diamond & CBN Grinding Wheels and Special Tools, the Non Super Abrasives includes customized range of high precision machines such as CNC Grinding, Notch Milling, TC Ring Grinding, Honing and Accessories which fulfil the international standards and CE certifications. Precision Components which is part of Non Super Abrasives require significant degree of precision and

very close tolerances necessitating them to passing through the stringent quality standards and measurements through the production process. With all the Quality Management standards such as ISO 9001, ISO 14001, TS 16949, OHSAS & SA8000 in place, during the year your Company has initiated the work for obtaining Certification for EN 13236 Product Safety Standards to address product safety requirements of overseas markets.

As you may be aware, Quality being the keystone as well as a major differentiator for your Company since inception, it strives hard to ensure that final product quality is built by deployment and embracing effective quality management, process robustness, quality assurance and discipline

at every stage of material flow.

Your Company has ensured that international standards and systems like Integrated Management System (IMS) focusing on quality management and environment management and TS 16949 for manufacturing precision components are deployed and followed in strict adherence throughout. It has been a constant endeavor for your Company to drive quality deeper in every aspect and in order to ensure this, your Company continues to place higher emphasis on training in latest trends besides investment in high-end equipment, machineries & application software and modern tools.

SAFETY, HEALTH AND ENVIRONMENT (SHE)

Your Company continues to place high emphasis on aspects such as Safety, Health of not only its workforce but also equal importance on Environment management of your company which is conducive and efficient too. Towards this, the top management stays ever committed for maintaining high standards for safety, health and environment management by being fully compliant to applicable statutory requirements as per OHSAS 18001 and ISO 14001 EMS standards and guidelines.

Recognizing that the employees are the most valuable assets of your Company and that the safety and health of each employee is of utmost importance, their safety and health does not become just a mundane necessity but is at par with Quality and Manufacturing by your Company. In order to ensure this, your Company continues to take initiatives and various programs such as annual health check-up plan, eye camp, physiotherapy, fitness center, blood donation camps etc., so that the employees and their families maintain good health and overall wellness.

Health and Safety being considered as one of the important performance measurements by your Company, it continuously provides awareness

training programmes and makes efforts to encourage the workforce to actively participate in relevant training programmes, workshops to perform their activities in a safe manner.

Your Company has always been committed to meet high level of health, safety and wellness standards by ensuring adherence to safety standards and practices so as to keep the work areas free of accidents, injuries, incidents and occupational related hazards for all.

You will be pleased to know that your Company has again recorded Zero accident with no loss of man days in its operations during the year. Apart from the employees, adherence to Safety, Health and Environmental practices are also ensured for its guests and visitors.

RECOGNITIONS AND AWARDS

Your Company continues to maintain its record of winning Awards, Recognitions and Accolades by demonstrating its achievements, performances and practices in various platforms at National and International levels as well. These recognitions and honors raise the motivation levels and morale of the employees and the Company as a whole. During the year your Company has received the following major awards.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

In the sections that follow, the information required to be given in the **Management Discussion and Analysis Report** have been provided.

GENERAL PERFORMANCE REVIEW

In the last three consecutive years the Indian economy has been severely impacted by a series of domestic and global disarrays throwing the business environment out of gear and deceleration and de-growth. As a consequence, the Indian economy could achieve a modest growth rate of around 4.5%, the lowest growth in the last several years. Although, some of the developed countries have started seeing a slow recovery, in the domestic front the optimism and sentiments largely remained weak as a result of continued rise in commodity prices, inflation, raw material prices, power disruptions, sub optimal industrial performance, repeated rise in interest rates, added

to this the political instability and policy delays, all of them in conjunction have taken a toll on the lower growth rate. The downward spiral was most visible and harsh in segments like Automobile, Auto Component, Steel, Heavy Engineering, Ceramics, Cutting Tools and some of the other allied industries.

As earlier explained, your Company achieved a domestic business performance level of 99% compared to previous year and on the contrary, the export has achieved a creditable growth of 36% compared to the previous year with a moderate 6% growth on overall basis. In the domestic business, while the sales of Super Abrasives Products to some of industry segments like Automotive, Cutting Tools, Engineering was between 2% to 6% as compared to the previous year, the decline was lower and more pronounced with over 15-20% in segments like Steel & Ceramics. Amid these unusually challenging circumstances, your Company continued its best efforts and new initiatives for new developments of products and applications in addition to working closely with customers to explore some of the new opportunities for its products which could serve as import substitutions.

The performance level of Non-Super Abrasive business was 4% higher than last year on account of orders for existing machines and some of the new machines. However, the demand for Precision Components and Accessories continued to be lower than the previous year reflecting the

weak performance in the Automotive sector. As you may be aware, new capacity additions, expansion projects and fresh investments have been either dropped or suspended by customers in view of the continued slowdown, resulting in fewer orders for machines from industry segments like Engineering, Refractory, Steel and Automobile.

With all the above in place, your Company has been consistently maintaining its leadership position in the domestic market.

ECONOMIC OUTLOOK

While the world economy continues its slow recovery from global financial crisis, the main impetus however, lies with the advanced countries. In the backdrop of this, though the outlook for Indian economy has improved marginally in past few months with some positive sentiments and improved business confidence, the expectation of a high growth rate still remains a question mark. It is estimated that the Indian GDP would achieve a growth of around 6% in the coming year on account of unclogging of domestic policy deadlocks and improved global demand aiding exports to lift growth. With elections around the corner in India, there are high hopes that the change in the political leadership will lead to better growth. This positivity is evident in the financial markets which are at a high amidst the expectation of a good recovery and improved investment prospects. When the new and stable Government takes office in a few months, its focus is expected on development of agriculture, fast tracking of stalling infrastructure projects, manufacturing and capital

market to encourage the business confidence and reverse the declining trend. This clearly indicates that more focus is towards driving higher domestic consumption and investments.

Some of the major Industry segments that are expected to benefit from the above measures are Automotive, Construction, Infrastructure, Mining, General Engineering, Steel, Power, Food, Services and Consumer durables during 2014-15. New investments, capacity expansions and creations including implementation of infrastructure, construction, Steel, Power, Mining, Engineering, Machine Tools and allied industries are expected to take advantage of the opportunities in the coming year.

INDUSTRY STRUCTURE & DEVELOPMENTS

The Indian Super Abrasive Tooling Market largely remains fragmented in nature and operates in a highly competitive environment often characterized by the presence of few organized players such as your Company and many small time and proprietor-driven organizations with strong focus on regional presence & dominance across the country. Your Company remains as a major supplier of Super Abrasive Products with its comprehensive range and regarded as **Total Grinding & Honing Solution Provider**, thus enjoys a preferred supplier status, oftentimes a single-source tier-II supplier for many major customers for a wide spectrum of industry. As a result, your Company's growth continues to be dependent mainly on the performance of these customers. A major contribution to your Company's topline in the coming year is expected to come from sectors such as Automotive, Engineering, Cutting Tools, Refractory, Aerospace, Defence, Steel, Ceramics and Construction. Therefore, your Company's performance will also be in congruence with the performance levels of these industries in the coming year.

As always, your Company will strive to focus on exploring every new opportunity, which would open up in both Super Abrasive Tools and Machine Tool areas. Also, your company would focus on growth prospects coming out of new Projects and higher demand from existing and new customers. Accordingly, it has been working on various projects and has added some new products to enhance the product basket especially in the

Precision Grinding areas. At the same time it is also consciously working on progressively minimizing dependency on few specific industries e.g Automobile and its related industries. The effect of this endeavor is evident from the fact that your Company has developed many new products for precision applications for industries like Aerospace, Turbine, Gears, Defence, Textile, Ceramics, Bearing, Construction, Infrastructure, Healthcare and Paper & Printing.

OPPORTUNITIES & THREATS

Opportunities:

In the backdrop of the continued slowdown, policy logjam and unclear agenda till at least the new stable government is in place, the Indian growth is expected to remain modest in the medium term. However, your Company would continue to be having high confidence levels on account of the spread and widening of the business canvas. The wider canvas and comprehensiveness of its products would act as compensators. Your Company would continue to be on constant search for potential business opportunities in new industries and markets.

The biggest competitive advantage for your Company has been its long experience in this industry which is complemented well by its exhaustive product range practically for every industry and its superior technology for manufacturing Super Abrasive Tooling and Precision Grinding / Honing Machines. Extension of this advantage to Precision Component Manufacturing in last few years has only been a natural choice for your Company where your Company uses "own machines, own tooling and own processes". Your Company would strive to leverage the maximum and derive benefits from being the provider of **Total Grinding & Honing Solution** by extending its offerings from **Tools - To - Machines - To - Components**.

Innovation at your Company has been gaining momentum as a process for development of new products and processes. It has been progressing well with new application / product developments in last two years. It would continue to work on this pursuit for adding more number of innovative products to the existing basket.

As mentioned in earlier sections, your Company has already started working on some of the identified new projects in both Super abrasive tooling and Machines Tools. It has planned some more new machine models / ranges for introduction during the coming year. As a part of driving aggressive growth in the Non Super Abrasive business, your

Company has also been working on some new projects and components in the Precision Component Area which would further strengthen the business.

Threats

In India, the Super Abrasive Tooling market is populated by the presence of few organized players like your Company and many unorganized players. Due to the polarized nature of the market, in one end there are unorganized, small time many proprietary-driven companies often with strong regional focus. And, by virtue of their size and scale of operations,

these small companies cater to a small section of customers and industries with a limited range of products. Focus on specific regions and addressing customer requirements with lower prices has been one of their forte. On the other end, there are few large and organized players from both domestic and global arena. These global players almost always rely on Tie-ups with established Grinding / Honing machine manufacturers as OEMs, leveraging the parental backgrounds, for establishing their presence right in the beginning stages, with a mixture of methods involving performance, cost and technology, service lock-ins and warranty clauses.

Your Company tries to address this divergence by adopting its unique approach to improve the market presence and market share and reach both segments. While the low cost and innovative products are offered to address the low end competition, for the high end segment, it focuses on developing import substitutes based on approaches like price-to-performance measures and value addition backed by regional technical supports and hand-holding and better service levels.

The key success factor for your Company has been **Product & Process Innovation**. Competitive advantage is derived from sustained efforts in application developments, market development and key account management. In order to stay ahead of competition, your Company makes all attempts to constantly harness the knowledge base and competency levels of the people in the respective product verticals.

BUSINESS OUTLOOK

Though many agencies forecast a moderate growth for the Indian economy in the FY 2014-15, yet much of it depends on how quickly the new government settles and its stability to address continued rise in raw material prices, fuel & power cost, food inflation, repeated hikes in interest rates as well as slow recovery in some developed countries. Amidst these uncertainties and challenging times, your Company's primary focus would be to retain its leadership position in the domestic market by continuing to

offering its wide range of products, increased market reach & penetration as well as addition of new products to its basket. Besides this, your company would continue its endeavor of strengthening its presence both in domestic and export regions.

In the **Super Abrasive Business**, your Company will continue to drive the three chosen growth drivers, the Innovation, New Product Development and Indigenization Efforts. While this would give stability to your company, it will also focus on capitalizing on new opportunities in industry segments with high growth potential in conjunction to ensure future growth.

The **Non-Super Abrasives Business** has been gaining strength year on year and in the consolidation phase with new machine launches every year. Increased population of machines supplied by your company has been a point of good reference base in the industry and translates into gaining good traction in the machine tool business. As you may be aware, your Company has completed the new state-of-the-art facility for machine tools last year. It has planned few new machine launches and developments in the coming year especially for steel, refractory, engineering, auto components and automobile industries. In order to strengthen the design capabilities and automation competencies, your Company in the meantime, has forged a strategic partnership with one of local leading companies well-known for their capability in design, automation, prototyping and controls. The precision component business also is being strengthened with addition of new components and new accounts for long term sustainability. Commercial supply of course in limited volume has been started for two new types of components and ramped up volumes are expected in the coming year. Simultaneously, your Company is actively considering adding few more precision components to its offering in near future and accordingly will make suitable investments in creating the physical infrastructure, capacity, machineries, equipment, and human resources in this area.

Your Company will continue its focus on growing the **International Business**, in the coming year. While it will continue to pursue business through the established Wendt/3M network, extending the market reach through use of CUMI's overseas marketing channels, CUMI PAPS and strategic alliances in various countries will be the key for success and export growth.

Secondly, your Company has identified certain new countries with high potential for exports and business in these countries will be independently pursued by the company depending on factors like ease of doing business, effectiveness and future growth prospects.

Following the expiry and non-renewal of the technical collaboration agreement with Wendt GmbH two years back, using Wendt as a brand by your Company in the International Markets has caused some resentment and confusion in certain geographies. In order to address this, your Company has decided to promote its products by using CUMI brand and / or any other alternate brand in those markets and will continue to do so.

Your 100% owned subsidiary in Thailand, **Wendt Grinding Technologies Ltd**, continues to achieve superior results year on year despite the region being repeatedly affected by global slowdown, falling demand, floods and shifting of base by many Japanese companies as well as labor and political

disturbances. It shows enough confidence and resolve for a better performance in the coming year too. All this has been possible due to continuous pursuing of more opportunities, better service levels, new industry segments, new markets and industries and increased product range.

Your second 100% owned subsidiary, **Wendt Middle East FZE, Sharjah** has turned around after struggle in initial few years and has become profitable. Here again, it operates in an environment that is affected by prolonged slowdown, market volatility, socio-economic issues and declined investments in key areas in the region. However, change in strategy and

focus from earlier services to trading has started delivering positive results. This subsidiary will continue to function as the Product Availability Point (PAP) for the entire GCC region with focus on General Engineering, Aerospace, Steel, Ceramics, Auto component, Oil and Gas and associated industry segments. As such, your subsidiary is expected to deliver a better performance in the coming year.

RISK & CONCERN

Risks are uncertainties and possible outcomes from the environment which can impact a company's performance and future prospects. Your Company follows a well defined and strong risk appraisal, mitigation and management process in the areas of operations, finance, technology and other business functions. The top management of your Company takes the responsibility of total risk management process by mapping the risks arising out of both internal and external environment and comes out with effective plans for mitigation of these risks. Business risk mitigation helps your Company to find ways to manage situations that could adversely impact the financial, physical and human capital of the organization. The risk management and mitigation strategies enable your Company to retain its market leadership position and also improve the operational efficiencies.

The Risk management process for your Company encompasses the following sequence:

- Identification of risks and risk owners
- Evaluation of the risks with respect to the probability of occurrences and related consequences
- Assessment of options for risk mitigation
- Prioritizing the risk management actions
- Development of risk management plans
- Authorization for the implementation of the risk management plans
- Implementation and appraisal of the risk management process

Risk management strengthens the robustness of your Company's business. The Risk Management Committee of your Company addresses opportunities and the associated risks through an institutionalized approach in line with the company's objectives.

Your Company continuously identifies, assesses, reviews, manages and works on developing a robust system in terms of adequate internal controls and compliances. The business risks of your company are managed through cross functional involvement and communications. Some of the risks associated with the business and the related mitigation

plans are given below. However, the risks given below are not exhaustive and the evaluation of risk is based on management's perception.

User Industry Concentration Risk

Why is it considered as a Risk?

- Significant exposure to select few sectors like auto.
- Time lag in passing of the fluctuations in input costs to the customers
- Effect on Customer Relationship with change in ownership.
- Global economic scenario leading to decline in demand
- Cessation of the technology agreement and access to new developments in the super abrasive
- Rebranding of products and the resultant delay in brand establishment

Mitigation Plan/ Counter Measure to address

- De risking the business with widening the customer base and identify new industry segment.
- Exploring growth opportunities in Construction, Infrastructure, Steel, Defense, Aerospace, Glass, Ceramics and other industries
- Continuously pursuing new product and application development for varied sectors.
- Improving the service levels through operational efficiency measures
- Leveraging relationship and Engagement with the customer-WOW initiative/ Exhibitions & CRM application planned
- Setting up of the In-house DSIR approved R&D center. Also the innovation focusing on New Product Development, is now well embraced at Wendt to yield results
- Developing and promoting alternative brands-one being well-known- "CUMI".

Competition Risk

Why is it considered as a Risk?

- Presence of too many unorganized regional players often adopting Low price strategy, free samples, higher credit days etc
- Imports- Direct and through OEM route
- New organized players setting up manufacturing base in India

Mitigation Plan/ Counter Measure to address

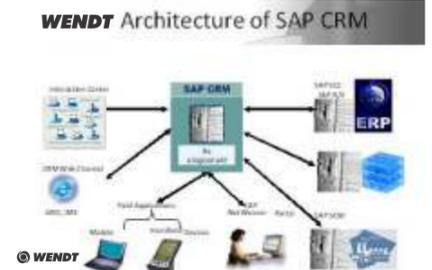

- Offer sustained competitive advantage to customer through operational efficiencies
- Focus on QCD - Superior **Quality, Cost Competitive Products & Reliable, Consistent Delivery**
- Internal Efficiency Measures/ Process Automation/ Lean to reduce throughput time
- Entry barriers for competition/ exit barriers for customers - key account management
- Innovative products, process and applications
 - Enhancing value added services
 - Enhance the product basket
 - Increased focus on New Product Development
 - Automation and Robotization to address Lower Manufacturing Cost and enhance competitiveness

Technology Risk

Why is it considered as a Risk?

- The rapid changes taking place in the fields of grinding technology and material science.

- The Company's search for alternate technology following the expiry & Non renewal of technical collaboration agreement with Wendt GmbH post Sept 2012.

Mitigation Plan/ Counter Measure to address

- Indigenous development of Bonds independently/external consultant
- Collaboration with external consultants
- Establishment of R&D centre and developing self sufficiency in technology & new products
- Association with external Research laboratories / Technical institutes for technological upgradation

INFORMATION TECHNOLOGY

Your Company has been using **SAP ERP** including the HR for many years now. However, a seamless integration between various modules as the key for harnessing the full benefits of the ERP has been identified as one of the priorities by your Company during the year. Accordingly it has initiated work on some of the critical business processes such production planning materials management, stores and receipts, financials and controls as a part **SAP-CIP (SAP Continuous Improvement Plan)** integration project towards productivity improvement, prioritization, scheduling and cycle time reduction.

IT enabled **Knowledge Management System** is another area which your Company has embarked on and has been deployed during the year. The aim of this portal to help the marketing & product management functions for timely and accurate technology solutions to the customers, improved response time and answering to customer queries and the like. In the coming year, your Company will be working on interfacing the **Knowledge Portal with CRM** making it a single technology driven platform for all users to access any time and service the customers globally with insightful technology solutions with least effort and ease.

As mentioned earlier, your Company is in middle of implementation of **SAP CRM Business Application** (Customer Relationship Management) to become more customer-centric. This initiative is expected to take your company one step closer to the customers in terms of relationship management and interactions, better understanding of their requirements and addressing them with accurate technology solutions besides giving a unique experience.

INTERNAL CONTROL SYSTEM & ADEQUACY

Your Company maintains adequate internal control systems commensurate with the nature of its business and size and complexity of its operations. These procedures are regularly reviewed and updated by incorporating changes in the regulatory provisions. These are regularly tested for their effectiveness by Statutory as well as Internal auditors. Your company remains committed in its endeavor to ensure an effective internal control environment that provides assurance on the efficiency and effectiveness of operations, reliability of financial reporting, statutory compliance and security of company's assets. The checks and balances in the internal control system ensure that all assets are safeguarded and all transactions are authorized, recorded and correctly reported. Material errors and irregularities are detected and prevented in time.

The Company has well established and robust internal processes in place to ensure smooth functioning of the operations. The control mechanism involves well documented policies, authorization guidelines commensurate with the level of responsibility and standard operating procedure specific to the respective business. This is supplemented by an extensive review & monitoring system whereby the management regularly reviews your Company's performance periodically as per its' relevance for both financial and operational parameters and takes timely measures to address any variances.

The internal audit function is carried by external independent Chartered Accountant firm which covers all operational areas and ensures that the revenue is rightly deployed and that there is no wastage/leakage of any resources. Your Company has taken corrective measures wherever necessary based on the findings of Board, Audit Committee and the Management Review and the recommendations of the Internal Audit.

Risk assessment helps in identifying and focusing on all high - risk areas. The reviews cover all the business critical functions, such as revenue assurance, collection, credit and risk, MIS and information technology and network

security, procurement and financial reporting. The Audit Committee regularly reviews the audit plans, audit observations of both external and internal audits risk assessment and adequacy of internal controls.

During the year there were no changes in internal control over financial reporting that have materially affected, or are likely to have any financial reporting lapse.

FINANCIAL REVIEW

Earnings

Revenues

During the year, your Company achieved total sales of Rs.9449 Lacs, higher by 6% as compared to 2012-13. While the domestic sales is similar to last years' level, the export sales recorded a growth of 36% compared to the previous year. As briefed earlier, this better performance in export is due to higher sales to Indonesia, Malaysia, US, UK, Germany, Singapore etc. during the year.

Profit before Tax

Accordingly, the profit before tax is higher by 7% at Rs.1640 Lacs compared to Rs.1528 Lacs in 2012-13.

Profit after Tax

The profit after tax is higher by 17%, at Rs.1187 Lacs, compared to Rs.1012 Lacs in year 2012-13.

Liquidity and Cash Equivalents

Your Company continues to retain its status of debt free company and maintains sufficient cash and cash equivalents to meet its futuristic strategic initiatives. Your Company has been conservative in its investment policy over the years, maintaining a reasonably high level of cash and cash equivalents which enable the company to completely eliminate short and medium term liquidity risks.

The goal of cash management at Wendt India is to :

- Maintain sufficient cash as reserves that will aid the company in capturing meaningful business opportunities.
- Use cash to provide sufficient working capital to manage business operations of the company to be able to add value to all stakeholders and continuously enhance the same.
- Invest surplus funds generated by the business in debt schemes of mutual funds as per Group norms yielding reasonable returns as per prevailing market rates.

The mutual funds investment portfolio increased from Rs.1142 Lacs to Rs.1272 Lacs in 2013-14, a growth of 11% during the year due to prudent investment policies followed by your Company.

The investment in mutual funds ensures meeting the internal fund requirements for capital expenditure purpose, as your Company does not have any borrowing.

Costs

The Fixed costs have grown by 18% compared to last year. However, fixed cost as percentage of sales is higher at 36%. Due to higher capital expenditure incurred during the earlier years, depreciation has grown by 14%. However, your Company believes that this addition to fixed assets will generate additional revenue in future years.

The variable costs have increased during the year due to increase in the raw material and other input costs which has put pressure on the margins of the company. During the year your Company has initiated **Lean Management** which will yield significant savings in times to come. Your Company's price correction initiative from both customers and key suppliers during the current year is further expected to improve its bottom line which will yield better results in the coming year.

Financial Position

Shareholders Funds

The shareholders fund as on 31.03.2014 was Rs.8231 Lacs against Rs.7625 Lacs of previous year, an increase of 8%. Accordingly, the book value of the share stands at Rs.412/- as compared to Rs.381/- during the previous year, an increase of 8%.

Loan Funds

Your Company has a cash credit limit with State Bank of India to bridge the short term fund requirement and only to supplement the temporary mismatches in its cash flow. Your Company does not have any interest bearing term loan.

During current year also, the working capital limits of your Company have been rated by ICRA. ICRA has reaffirmed AA- (pronounced ICRA double A minus) rating assigned to the Rs.2.0 crore Long term Fund facilities of your Company which signifies low credit risk and stable. The short Term (Non Fund based) Rating has been reaffirmed as A1+ (pronounced ICRA A one plus). Overall your Company's rating continues to be stable and low credit risk.

ASSETS

FIXED ASSETS

Your Company follows a policy of being prudent in its capex spend. During the current year in view of the continued economic slowdown, the capital expenditure during the year was contained to Rs.976 Lacs. The major capex spent is on addition of new plant & machinery, and other identified areas which are critical for the future growth of the company. As per the company policy, all the capex funding has been made through the internal accruals of the company.

Inventories and Sundry Debtors

The overall inventory levels as on 31st March, 2014 is Rs. 1554 Lacs, an increase by 12% over the last year. There was a reduction in the work in progress inventory by Rs.20 Lacs and stores and spares inventory by Rs.7 Lacs. However, the raw material inventory was higher by Rs.234 Lacs and the Finished Goods inventory by Rs. 43 Lacs. This was due to delay in dispatch/clearance for some of the items from few customers. The higher raw materials inventory was also necessary because of the business requirements.

The sales have increased by 6%; and hence the Receivables are higher from Rs.1916 Lacs to Rs. 2021 Lacs as on 31st March, 2014. However, the average credit days has come down from 70 days to 67 days in 2013-14. The current slowdown has resulted in working capital pressure and delayed payments by the customers. Your Company adopted an aggressive receivable management system including close follow ups and credit control measures through the SAP system to ensure that receivables were kept under control and payments were received in time.

Foreign Exchange Hedging

Your Company continues to follow the policy of natural hedging of foreign exchange earnings and outflow and hence it does not take forward covers. The net forex gain during the year was Rs.47 Lacs.

Financial Performance with respect to Operational Performance

Your Company's Operating profit and Contribution has been better than the industry average on account of measures taken for improved operational efficiency and better product mix. This was aided by accurate information & customer data, newly implemented centralized drawing management system, better planning & scheduling through SAP ERP System and effective vendor management. Your Company also improved its response time & service levels and was able to supply the right product at the right time with right specifications there by providing value addition to the customer.

INSURANCE

All the insurable interests of your company including inventories, buildings, plant and machinery and liabilities under legislative enactments are adequately insured.

HUMAN RESOURCE

Your Company continues to provide a congenial work environment for its employees which has been built over the years on the backdrop of trust and transparency in all its communication. The human resource policies of your company motivate the employees to give their best and remain committed to achieve the overall objective of the company. Nurturing and development of the Human Capital is accorded high importance. Accordingly, special attention is given to employees' safety, training and welfare measures.

The HR policies and practices of your company are aligned to the organizational goals and objectives. Your Company has well-laid processes for attracting, retaining and rewarding talent and follows a transparent system to identify and reward performers. Individual KRAs (Key Result Areas) are derived from the organization BSC (Balance Score Card) parameters and are reviewed on a quarterly, half yearly and annual basis.

Your Company's Human Resource policies are constantly reviewed and realigned based on people expectations, making it more employee-friendly thereby creating an engaged workforce which focuses on productivity. It is a constant endeavor for your Company to adopt the industry best practices and aligning them with the strategic directions, goals and objectives in terms of people processes.

During the year your Company has undertaken the initiative to review employees job description, competency mapping which will lead to identification of gaps or areas for development and bridging the gaps in key areas through structured training programmes, skill enhancement and multi-tasking. This would also ensure that the company finds the **right talent for the right job** thereby improving employee's productivity and long term individual developmental plans.

Personnel development plans focus on how each individual's strength can be best leveraged to deliver to his/her full potential. To this effect your Company provides specialized training programmes and cross functional learning exposure. The company gives very high importance to enhancing employees' competency and skills through on the job training and external training programmes. Special attention is given to the health and safety of the employees. Training, welfare measures and individual development of employees continue to be high priority area for your Company. This in turn, translates into improved quality and operational efficiency.

Your Company focuses on **Business Excellence** and continual improvement journey (**TQM**) in its quest to improve the quality of its products, processes and systems. Ongoing learning, job enrichment, aligning rewards and recognition with performance, high engagement levels, conducive work environment and a cordial industrial relationship has been the hallmark of your Company resulting in a very low attrition rate which is well below industry average.

Your Company continues to have a smooth and enabling work climate that promotes performance, customer focus and innovative thinking while adhering to the highest standards of quality, integrity and ethics. Your Company continues to enjoy the support of a committed, experienced and satisfied workforce. To this effect, your Company offers a compensation package which is one of the best in industry.

a) Conservation of Energy

Your Company does not qualify under the category of power intensive industries. However, your company adopts sustained efforts to reduce energy consumption. The organization is an ISO 14001 certified company which is an International Management System Standard. The environmental policy of your Company aims at conservation of natural resources and minimization of pollution. The following energy conservation measures were taken by your Company during the year:

- i) Introduction of light dependent resistance sensor harnessing natural daylight for all outdoor lighting with automatic controls
- ii) Installation of occupancy sensors in washrooms & lavatories
- iii) Replacement of conventional light with CFL/LED light leading to less power consumption.
- iv) Modification in lighting circuit for automatic ON/OFF controls
- v) Optimum utilization of energy through process redesigning as well as maximum utilization of equipment that offers improved energy efficiency.
- vi) Your company has taken measures to save water whereby 100% of the domestic effluent and the trade effluent are treated and used for gardening and electroplating processes (Zero discharge). is recycled and reused for gardening.
- vii) Getting periodic Energy Audit conducted to improve the energy conservation measures further.

b) Technology Absorption, Adaptation and Innovation

Your Company thrives on quick absorption of latest technology and its adaptation in both Super Abrasive and Non Super Abrasive Business Verticals. As mentioned earlier, with the expiry of the technical collaboration with Wendt GmbH during last year, pre-empting this, your Company had already embarked on developing its own technology & process by aggressively pursuing its R&D efforts through the establishment of R&D Centre and also collaborating with renowned institutes & Laboratories who have gained sufficient knowledge in your company's product lines. As a result your Company has been able to develop some of the products that are extensively used in wide range of industries like Refractory, Ceramics, Construction, Glass and Composite, Cutting Tools, Steel and Textile & Paper. Your Company has also identified and initiated some more areas for bond development for industries such as Rotary Tools, Ceramics, Bearing, Glass, Automobile etc with the help of a well qualified and experienced external consultant.

Your Company also banks on the rich experience and utilizes technological knowledge pool and R&D facility of its Indian Joint venture partner Carborundum Universal who are leaders in the field on conventional abrasive & material science for some of the application developments for specific areas.

Your Company continuously focuses towards the re-engineering of processes and works on developing cost economical raw material alternatives like raw materials for improving operational efficiency, reducing costs and waste elimination.

Continuous efforts are made towards value engineering of existing products to deliver better price to performance ratios, new processes for the manufacture of certain products, improvement in products to match evolving requirements of customers and development of capability to manufacture products addressing specific market niches.

Based on the need for modern technology and growth opportunity, your Company is looking at strategic acquisitions/collaborations in related areas and is in the active discussion for few such opportunities, both in Superabrasive and Non Superabrasive fields.

RESEARCH & DEVELOPMENT

In line with its strategic intent, your Company seeks to become a significant global player in offering customized functionally superior products to maintain its competitive edge and retain its market leadership position. Since the

technology is advancing at a rapid pace, the grinding technology needs to be constantly updated on a continual basis to match with the rapid change in material science and machining techniques. As an acknowledgment of this important aspect, your Company has a well-established R&D Centre which is anchored by R&D head who is well experienced and knowledgeable in his domain.

As you may be aware, during the previous year, your Company's R&D Center was accorded **Certificate of Recognition** from the Ministry of Science and Technology, Government of India vide their letter dated 29th January, 2013. This recognition is valid upto 31st March, 2015.

In the present year your R&D Center got the **Certificate of Approval in Form 3CM** from the DSIR, Government of India for FY 2013-14 for obtaining Income tax Exemption under Section 35(2ab) of the Income Tax Act. This approval is valid upto 31st March, 2015.

This will give your Company a major impetus not only to pursue development of new Bond / Matrix, new products for itself but also provide opportunities for collaboratively working with external institutes / research laboratories on leading technologies in future. This R & D venture continues to carry out indigenous Bond development in a major way and help the organization to be ahead of competition with newer products.

Your R&D Center has a dedicated team to work on various Research concepts for bringing cutting edge technology solutions for offering to the customers. During the year 2013-14 your Research Center has added high end scientific instruments along with supportive infrastructure to strengthen the development activities.

Your R&D Department focus areas are on:

- Developing Self Sufficiency in wide range of Bonding Materials for Grinding application.
- New Process and Design for precision Honing Applications
- Products for Cutting & Grinding of New Materials
- Building customized Products for local and global markets
- Working not just as product development partners but also as Go-To - Market partners with customers

Your Company's continued investment in research and development has resulted in development of some of the new products with special features for the grinding and finishing applications in the previous year.

Your Company's R&D Center is equipped with necessary infrastructure and facilities to meet the above requirements. The centre also actively collaborates with external Research labs and Institutes, as well as collaboration with technical consultants for the required technological development & up-gradation.

Wendt India R&D plant includes inter alia, New Technology Development, Technology upgradation, and Self Sufficiency in Bond Development.

During the year Company has filed patents, one in Non-Super Abrasive and few patents are in pipeline for Super Abrasives. Your Company's product portfolio last year has been enhanced with the addition of numerous new products such as - PBS wheels for ceramic grinding and Ophthalmic glass grinding, Self lubricated Wheels in Metal Bond for Glass, Vitrified Diamond Wheels for PCD Lapping, Eco Resin Bonded Wheels for Cutting Tools, Super Finishing Honing Sticks for Bearing and Textile and low cost Vit CBN for general purpose grinding etc.

During the year, your Company also successfully developed some of the machines such as TC Ring Grinding Machine for mini steel plants, Honing Machine with Vertical Spindle for Auto and Engineering Sectors, ID/OD Grinding Machine for Abrasive industry, Rotary Surface Grinder for Refractory Industry.

Benefits derived: Your Company mainly caters to niche market where majority of customers are OEMs and look for technologically superior products and reliable performance. With majority of the customers considering your Company as a One-Stop Shop for **Complete Grinding and Honing Solutions**, they look forward to have technologically advanced products with superior and consistent performance. Your Company is able to address these ever changing needs and expectations of the customers, by virtue of its strong R&D focus and long years of experience. This facilitates your Company to retain its dominant position and also enable the customer to justify the due premium for its product reflecting on your Company's profitability.

Forward looking statements

This communication contains statements relating to future business developments and economic performance that could constitute 'forward looking statements'. While these forward looking statements represent the Company's judgments and future expectations, a number of factors could cause actual developments and results to differ materially from expectations. Your Company undertakes no obligation to publicly revise any forward-looking statements to reflect future events or circumstances. Further investors are requested to exercise their own judgment in assessing various risks associated with the Company and also the effectiveness of the measures being taken by the Company in tackling them as those enumerated in this report are only as perceived by the management.

REPORT ON CORPORATE GOVERNANCE

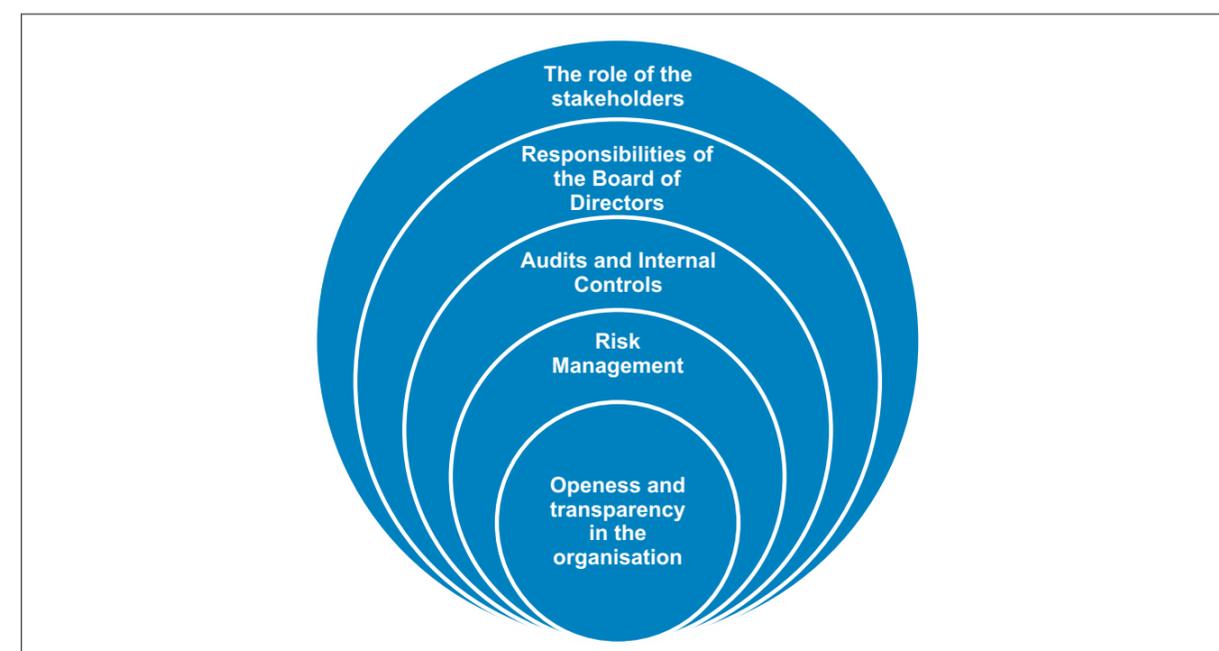

Company's Philosophy on Corporate Governance

Corporate governance refers to the set of systems, principles and processes by which a company is governed. They provide the guidelines as to how the company can be directed or controlled such that it can fulfill its goals and objectives in a manner that adds to the value of the company and is also beneficial for all stakeholders in the long term. Stakeholders would include everyone ranging from the board of directors, management, shareholders to customers, bankers, employees and society. Corporate governance is globally recognised as a key component for superior long term performance of every corporate entity. Better governance practices enables to introduce more effective internal controls suitable to the changing nature of business operations, improve performance and also provide an opportunity to increase stakeholders understanding of the key activities and policies of the organisation.

Wendt recognizes that transparency, disclosure, financial control, accountability and fairness are the pillars supporting the foundation of good system of corporate governance. Comprehensive disclosures, structured accountability in exercise of powers, adhering to best practices and commitment to compliance with regulations and statutes complied by the company, not only in letter but as well as spirit have enabled the Company to enhance shareholder value. The Company believes that corporate governance is a set of guidelines to help fulfill its responsibilities to all its stakeholders i.e. investors, customers, vendors, Government, employees, associates and society. It is a voluntary code of self-discipline to ensure transparency, accountability and integrity.

The Board of Directors (the Board) is committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long term interests of shareholders and other stakeholders. The Board lays down business strategy, sets strategic goals and seeks accountability for their fulfillment. All Directors and employees are bound by a Code of Conduct that sets forth the Company's policies on important issues, including its relationship with stakeholders. Your Company has complied with the requirements of Corporate Governance code in terms of Clause 49 of the Listing Agreement with the Stock Exchanges as disclosed herein below.

The Company's Corporate Governance approach is based on the following:

BOARD OF DIRECTORS

a) Size and Composition of the Board

Wendt (India) Limited ("Wendt (India)") believes that the key role of the Board of Directors is to:

- Provide entrepreneurial leadership to the Company within a framework of prudent and effective controls which enables risks to be assessed and managed.
- Develop and promote collective vision of the Company's purpose, its culture and values it wishes to promote in conducting the Company's business.

The Board of Directors of the Company has an optimum combination of Executive and Non- Executive Directors. An ideal Board should ensure an appropriate balance of power, independence and authority. The Board at Wendt (India) has 5 Non Executive Directors out of which 2 are Independent Directors as on 31st March, 2014. Independent Directors are Directors, who apart from receiving sitting fee, do not have any other material pecuniary relationship or transactions with the Company, its promoters, its management or its subsidiaries, which in opinion of the Board may affect the independence of judgement of the Directors. All Directors with their diverse knowledge and expertise provide valuable contributions in the decision of the Board. All the Directors are appointed by the members of the Company.

Pursuant to the retirement of Mr Kiran A Sheth, Independent Director from the Board in the AGM held on 27th July 2010, an Independent Director was required to be appointed as per Clause 49 of the Listing Agreement. A time frame of 180 days was available to do so and the process of identifying suitable candidates for filling up this position was initiated. In the meantime, consequent to the offer made by 3M (Schweiz) AG for the acquisition of Winterthur's group stake thereby resulting in the indirect acquisition of 40% stake in your Company, and the same being challenged by Carborundum Universal Limited, one of the Promoters of the Company, the Company Law Board, Chennai Bench has passed an interim order restraining the alteration of the Board of Directors of the Company. The filling up of the vacancy of the Independent Director would be done subsequent to settling of the above case pending with the Company Law Board.

The Board of Directors periodically intimate about their Directorship and Membership in the various Board Committees of other companies, which are within permissible limits of the Companies Act, 1956 and Corporate Governance code. Such declarations are placed at the Board meeting. The details of the Directors with regard to their outside Directorships, Committee Chairmanships/ memberships of Board Committees as on 31st March 2014 are as furnished below:

Name of the Director	Category	No. of Directorships/ Chairmanships (Excluding Wendt India)	No. of Committee Memberships/ Chairmanships (Excluding Wendt India)

- The details of the Committee membership / Chairmanship are in relation to the specified committees viz. Audit Committee and Shareholders' Grievance Committee of Indian Public Limited Companies.
- None of the Directors are related to each other.

b) Diversity in Board

The size and diversity of a Board help in making it effective and deliver value. Such diversity may be with regard to academic qualifications, technical expertise, relevant industry knowledge, experience, nationality and age. The Wendt Board represents diversity in terms of all these parameters.

c) Separation of the Office of Chairman and the Chief Executive Officer (CEO)

At Wendt, the role and office of the Chairman and Chief Executive Officer (CEO) are separate. This promotes the right balance and prevents unfettered decision making power with a single individual. For greater efficiency, there is also a clear demarcation of the role and responsibilities of the Chairman and the CEO.

The Chairman provides the necessary guidance and support to the CEO, and both have regular and structured access to the executive and management team. CEO is the principal executive of the Company and is accountable for the management and operations of the Company and implementation of business policies and strategies agreed to by the Board of Directors in a manner that is consistent with best business practices. CEO leads internally, with the Chairman adding value in strategy and structure, and ensuring that the Company is represented with integrity to institutions, investors, analysts and other stakeholders.

d) Information Placed before the Board of Directors

The Board has complete access to all the information with the Company. Agenda and detailed notes on agenda are circulated to the Directors in advance. All material information is incorporated in the agenda papers for facilitating meaningful and focused decisions. Information and data for understanding the business of the Company in general and related matters are placed for discussion at the meeting. Members of the Board are free to suggest any item to be included in the agenda, in addition to bring up the matters for discussion at the meeting with the permission of the Chairman. However in case of business exigencies, the resolutions are passed by way of circulation.

All the information that is required to be made available, as applicable to the Company, in terms of Clause 49 of the Listing Agreement, is made available to the Board.

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE TO THE MEMBERS OF WENDT (INDIA) LIMITED

- We have examined the compliance of conditions of Corporate Governance by Wendt (India) Limited for the year ended March 31, 2014, as stipulated in Clause 49 of the Listing Agreement of the said Company with stock Exchanges.
- The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination has been limited to a review of the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of Corporate Governance as stipulated in the said clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.
- One of the conditions of Clause 49 requires that if the non-executive Chairman is a promoter, at least one-half of the Board of the Company should consist of independent directors and the gap between resignation and appointment of an independent director in his place shall not exceed 180 days. An independent director of the Company ceased to be a director w.e.f. July 27, 2010 and no other independent director has been appointed in his place upto the date of this certificate. Accordingly, as at March 31, 2014, the Company has two independent directors as against the requirement of minimum three directors.
- In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the Management and subject to our comments in Paragraph 3 above, we certify that the Company has complied with their conditions of Corporate Governance as stipulated in Clause 49 of the above mentioned Listing Agreement.
- We state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

19. Company's Recommendation to the Shareholders

Your Company recommends the following to the shareholders to mitigate/avoid risks while dealing with securities and related matters.

i) Dematerialize (Demat) your shares

Shareholders are requested to convert their physical holding to demat/electronic form through any of the Depository Participants (DPs) to avoid the hassles involved in the physical shares such as possibility of loss, mutilation, etc. and also to ensure safe and speedy transaction in shares. Holding shares in demat form helps investors to get immediate transfer to securities. No stamp duty is payable on transfer of shares held in demat form and risks associated with physical certificates such as forged transfers, fake certificates and bad deliveries are avoided.

ii) Register your National Electronic Clearing Service (NECS)/Electronic Clearing Service (ECS)

SEBI vide its circular dated 21st March 2013 has emphasized on the usage of electronic mode for payments to the members for various purposes. To ensure compliance, members are requested to provide an NECS/ECS

mandate to the Company in case of shares held in physical form and ensure that the correct and updated particulars of their bank account are available with the depository participant (DP) in case of share held in demat form. This would also facilitate in receiving direct credits of dividends etc from companies and avoiding postal delays and loss in transit.

iii) Nomination facility

As per the amendment to the Companies Act, 1956, a nomination facility is available to shareholders for which Form 2B duly filled in is required to be sent to Karvy Computershare Private Limited or the Company. The members can approach the Company or Karvy Computershare Private Limited with regard to the same.

iv) Encash your Dividend in time

Please encash your dividends promptly to avoid hassles of revalidation/losing your right of claim owing to transfer of unclaimed dividends beyond seven years to **Investors Education and Protection Fund**.

v) Support the Green Initiative

To support the **Green Initiative**, your Company has proposed to send Notice calling General Meetings, Annual Report and other documents in electronic mode in future vide its letter dated 10th February 2012 to all the shareholders at their email addresses. It was also requested to inform the Company incase the shareholders wish to receive the above documents in physical form. Accordingly, the Annual Report along with Notice will be sent to the members in electronic mode at their email addresses.

Members holding shares in demat form are requested to provide their email id to the depository through their concerned depository participant and members holding shares in physical form are requested to provide email id to the Company at investorservices@wendtindia.com or at cs.wendt@karvy.com and also update the email address as and when there is any change.

vi) Quoting the Folio No./DP Id – Client ID

Members are requested to quote their Folio No. / DP & Client ID Nos., as the case may be, their Contact nos./ Fax nos. and email id in all correspondence with the Company. All correspondences regarding shares of the Company should be addressed to the Company's Registrar, Karvy Computershare Private Limited, Plot No. 17-24, Vittalrao Nagar, Madhapur, Hyderabad-500 081

vii) Specimen Signature

Please maintain a record of your specimen signature before lodgment of shares with the Company to obviate possibility of difference in signature at a later date.

viii) Updation of details

Members holding shares in physical form are requested to notify promptly any change in address/ pincode and bank account details. Beneficial owners of shares in dematerialized form are requested to send their instructions regarding change of address, bank details, nomination, power of attorney etc. directly to their DP as the same are maintained by the DPs.

INDEPENDENT AUDITORS' REPORT

To the Members of Wendt (India) Limited.

Report on the Financial Statements

We have audited the accompanying financial statements of **Wendt (India) Limited** (the Company), which comprise the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 in terms of General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs) and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material mis-statement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014
- (b) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government in terms of Section 227(4A) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by the Section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were

necessary for the purpose of our audit.

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement comply with the Accounting Standards notified under the Act (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 in terms of General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs).
- (e) On the basis of the written representations received from the directors as on 31st March, 2014 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2014 from being appointed as a director in terms of Section 274(1)(g) of the Act.

Annexure to the independent Auditors' Report on the Financial Statements to the Members of Wendt (India) Limited for the year ended 31st March, 2014

(Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report of even date)

- (i) Having regard to the nature of the Company's business/activities/result, clauses 4(v), 4(vi), 4(ix)(b), 4(xi), 4(xii), 4(xiii), 4(xiv), 4(xvi), 4(xix) and 4(xx) of the Order are not applicable.
- (ii) In respect of its fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.
 - (b) The fixed assets were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
 - (c) The fixed assets disposed off during the year, in our opinion, do not constitute a substantial part of the fixed assets of the Company and such disposal has, in our opinion, not affected the going concern status of the Company.
- (iii) In respect of its inventory:
 - (a) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals.
 - (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the Management were reasonable and adequate in relation to the size of the Company and the nature of its business.
 - (c) In our opinion and according to the information and explanations given to us, the Company has maintained

proper records of its inventories and no material discrepancies were noticed on physical verification.

- (iv) The Company has neither granted nor taken any loans, secured or unsecured, to / from companies, firms or other parties listed in the Register maintained under Section 301 of the Companies Act, 1956.
- (v) In our opinion and according to the information and explanations given to us, having regard to the explanations that some of the items purchased are of special nature and suitable alternative sources are not readily available for obtaining comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchases of inventory and fixed assets and the sale of goods and services. During the course of our audit, we have not observed any major weakness in such internal control system.
- (vi) In our opinion the internal audit functions carried out during the year by an external agency appointed by the Management have been commensurate with the size of the Company and the nature of its business.
- (vii) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Accounting Records) Rules, 2011 prescribed by the Central Government under Section 209(1)(d) of the Companies Act, 1956 and are of the opinion that prima facie, the prescribed cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (viii) According to the information and explanations given to us in respect of statutory dues;
 - (a) The Company has generally been regular in depositing undisputed dues, including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues in arrears as at 31st March, 2014 for a period of more than six months from the date they became payable.
- (ix) The Company does not have accumulated losses at the end of the financial year and the Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- (x) The Company has not given guarantees for loans taken by others from banks and financial institutions.
- (xi) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet, we report that funds raised on short-term basis have, prima facie, not been used during the year for long-term investment.
- (xii) According to the information and explanations provided to us, the Company has not made any preferential allotment of shares to parties and companies covered in the register maintained under section 301 of the Companies Act, 1956.
- (xiii) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

NOTE No.1

A COMPANY OVERVIEW

Wendt (India) Limited was incorporated on August 21st 1983 under the provisions of the Companies Act, 1956, and is a joint venture between Wendt GmbH Germany and Carborundum Universal Limited, India. Wendt (India) Limited is a leading manufacturer of Super Abrasives, High precision Grinding, Honing and Special Purpose Machines and High Precision components. The Company's registered office is in Bangalore and factory is situated in Hosur, Tamilnadu.

B SIGNIFICANT ACCOUNTING POLICIES

1 BASIS OF ACCOUNTING AND PREPARATION OF FINANCIAL STATEMENTS:

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Section 211(3C) of the Companies Act, 1956 ("the 1956 Act") (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 ("the 2013 Act") in terms of General Circular 15/2013 dated 13 September, 2013 of the Ministry of Corporate Affairs) and the relevant provisions of the 1956 Act/ 2013 Act, as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2 USE OF ESTIMATES:

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

3 INVENTORIES:

- Finished Goods and work-in-progress are valued at lower of cost and net realizable value. Cost comprises of materials, labour, and an appropriate proportion of production overheads and excise duty, wherever applicable and excludes interest, selling and distribution expenses. Cost is computed on weighted average basis.
- Raw materials, stores and spares are valued at lower of cost and net realizable value. Cost computed on weighted average basis includes freight, taxes and duties net of CENVAT/VAT credit, wherever applicable.

4 CASH FLOW STATEMENT:

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash flows from operating activities are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

5 FIXED ASSETS, DEPRECIATION AND AMORTISATION:

- Fixed assets are stated at original cost (net of CENVAT/VAT wherever applicable) including expenses related

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

to acquisition and installation. Borrowing costs are capitalized as part of qualifying fixed assets when it is possible that they will result in future economic benefits. Other borrowing costs are expensed.

- Capital work in progress is stated at the amount expended up to the balance sheet date and includes direct cost and related incidental expenses.
- Capital Subsidy relating to projects in backward area is credited to capital subsidy reserve on receipt and Government grants relating to specific assets are deducted from the cost of such assets.
- Depreciation is provided, on all depreciable assets, except intangible assets (refer (e) below), on a straight line basis at the rates prescribed under Schedule XIV of the Companies Act, 1956 .
Depreciation on assets added/ disposed off during the year is provided on pro-rata basis from the month of addition or up to the month prior to the month of disposal, as applicable.
- Intangible Assets are amortized over a period of 5 years or based on the period of usage / licence , whichever is lower. The estimated useful life of intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.
- Individual assets costing less than Rs.5,000 each are depreciated in full in the year of acquisition.

6 REVENUE RECOGNITION:

- Revenues are recognized and expenses are accounted on their accrual with necessary provisions for all known liabilities and losses. Revenue from Sale of goods is recognised on despatch of goods. Sales includes excise duty but excludes sales tax /VAT, discounts and returns as applicable.
- Revenue from rendering of services priced on a time and material basis is recognised on rendering of services as per the terms of contracts with customers.
- Export Benefits under Advance licence scheme are recognized on accrual basis on completion of export obligation.
- Dividend income on investments is accounted for when the right to receive the payment is established. Interest income is recognised on a time proportion basis considering the underlying interest rate.

7 FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION :

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions . Monetary assets and liabilities outstanding at the year end are translated at the rate of exchange prevailing at the year end and the gain or loss is recognized in the Statement of Profit and Loss .

Exchange differences arising on actual payments / realizations and year end restatements are also recognised in the statement of profit and loss.

8 INVESTMENTS:

Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long-term investments and are carried at cost. However, provision for diminution is made in the value of investments, if such diminution is other than of temporary nature.

Current investments are stated at lower of cost or fair value.

9 EMPLOYEE BENEFITS:

SHORT -TERM EMPLOYEE BENEFITS

Short term employee benefits including performance incentive and compensated absences which are expected

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

to occur within 12 months after the end of the period in which the employee renders related service are determined as per Company's policy and recognized as expense based on expected obligation on undiscounted basis.

LONG -TERM EMPLOYEE BENEFITS - COMPENSATED ABSENCES

Accumulated Compensated absences which fall due beyond 12 months is provided for in the books on actuarial valuation basis at the year end using projected unit credit method.

DEFINED CONTRIBUTION PLANS

Superannuation fund, Provident fund and Pension fund are defined contribution plans towards which the company makes contribution at predetermined rates to the Superannuation Trust and the Regional Provident Fund Commissioner respectively. The same is debited to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

The Company also makes contributions to state plans namely Employee's State Insurance Fund and Employee's Pension Scheme 1995 and has no further obligation beyond making the payment to them.

DEFINED BENEFIT PLAN

The liability for gratuity to employees as at the Balance sheet date is determined on the basis of actuarial valuation using Projected Unit Credit method. The amount is funded to a Gratuity fund administered by the trustees and managed by Life Insurance Corporation of India. The liability thereof is paid and absorbed in the statement of profit and loss at the year end. Actuarial Gains and losses arising during the year are recognised in the Statement of Profit and Loss immediately.

Termination benefits are recognized as an expense as and when incurred.

10 SEGMENT REPORTING:

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company with the following additional policies:

- Inter-segment revenues for this purpose are reported on the basis of prices charged to external customers.
- Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the enterprise as a whole and not allocable to segments on a reasonable basis are included under "Other un-allocable Expenditure net of un-allocable income".

11 EARNINGS / (LOSS) PER SHARE:

The basic earnings/ (loss) per share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares.

12 TAXES ON INCOME :

Income tax comprises the current tax provision and the net change in the deferred tax asset or liability during the year. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

between the carrying values of the assets and liabilities and their respective tax bases. Deferred tax assets are recognized subject to management's judgment that realization is more likely than not. Deferred tax assets and liabilities are measured using enacted tax rates or substantively enacted tax rates expected to apply to taxable income in the years in which the timing differences are expected to be received or settled.

13 RESEARCH AND DEVELOPMENT:

Revenue expenditure on research and development is charged as an expense in the year in which it is incurred. Capital expenditure on Research and Development is included in fixed assets and depreciated in accordance with the depreciation policy of the Company.

14 IMPAIRMENT OF ASSETS:

At each balance sheet date, the carrying values of the tangible and intangible assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where there is an indication that there is a likely impairment loss for a group of assets, the Company estimates the recoverable amount of the group of assets as a whole, and the impairment loss is recognised.

15 PROVISIONS AND CONTINGENCIES:

A provision is recognized when an enterprise has a present obligation as a result of past event, that can be estimated reliably and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. When no reliable estimate can be made, a disclosure is made as contingent liability and is disclosed by way of notes. Contingent assets are not recognised in the financial statements.

16 OPERATING CYCLE:

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the revised Schedule VI to the Companies Act, 1956. Normal operating cycle is based on the time between the acquisition of assets for processing and their realisation into cash and cash equivalents.

Consolidated Financial Statements

INDEPENDENT AUDITORS' REPORT TO THE BOARD OF DIRECTORS OF WENDT (INDIA) LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Wendt (India) Limited ("the Company") and its subsidiaries (the Company and its subsidiaries constitute "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2014, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the preparation of consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness

of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on the financial statements of the subsidiaries, referred to below in the Other Matter paragraph, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2014
- (b) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- (c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matter

We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets (net) of Rs.1,856.89 lakhs as at 31st March, 2014, total revenues of Rs.1,813.75 lakhs and net cash outflows amounting to Rs.197.24 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the reports of the other auditors.

Our opinion is not qualified in respect of this matter.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1

A GROUP OVERVIEW

Wendt (India) Limited was incorporated on August 21st 1983 under the provisions of the Companies Act, 1956, and is a joint venture between Wendt GmbH Germany and Carborundum Universal Limited, India. Wendt (India) Limited is a leading manufacturer of Super Abrasives, High precision Grinding, Honing and Special Purpose Machines and High Precision components. The Company's registered office is in Bangalore and factory is situated in Hosur, Tamilnadu. The Company has 2 subsidiaries viz. Wendt Grinding Technologies Limited, Thailand and Wendt Middle East FZE, UAE.

B SIGNIFICANT ACCOUNTING POLICIES

1 BASIS OF ACCOUNTING AND PREPARATION OF FINANCIAL STATEMENTS:

The Consolidated financial statements comprise the financial statements of Wendt (India) Ltd (the Holding Company) and its subsidiaries. Together, the companies constitute the "Group". The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Section 211(3C) of the Companies Act, 1956 ("the 1956 Act") (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 ("the 2013 Act") in terms of General Circular 15/2013 dated 13 September, 2013 of the Ministry of Corporate Affairs) and the relevant provisions of the 1956 Act/ 2013 Act, as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2 PRINCIPLES OF CONSOLIDATION

- The financial statements of the subsidiary companies are drawn upto the same reporting date as that of the Company i.e., 31 March, 2014.
- The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
- The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.
- Following subsidiary companies have been included in Consolidation:-

Sr. No	Name of the Subsidiary	Country of Incorporation	Ownership Proportion	
			31.03.2014	31.03.2013
1	Wendt Grinding Technologies Limited (Incorporated on 19th July 2005)	Thailand	100%	100%
2	Wendt Middle East FZE (Incorporated on 24th September 2008)	Sharjah (UAE)	100%	100%

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

3 USE OF ESTIMATES

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

4 INVENTORIES:

- Finished Goods and work-in-progress are valued at lower of cost and net realizable value. Cost comprises of materials, labour, and an appropriate proportion of production overheads and excise duty, wherever applicable and excludes interest, selling and distribution expenses. Cost is computed on weighted average basis.
- Raw materials, stores and spares are valued at lower of cost and net realizable value. Cost computed on weighted average basis includes freight, taxes and duties net of CENVAT / VAT credit, wherever applicable.

5 CASH FLOW STATEMENT:

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash flows from operating activities are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

6 FIXED ASSETS, DEPRECIATION AND AMORTISATION:

- Fixed assets are stated at original cost (net of CENVAT / VAT wherever applicable) including expenses related to acquisition and installation. Borrowing costs are capitalized as part of qualifying fixed assets when it is possible that they will result in future economic benefits. Other borrowing costs are expensed.
- Capital work in progress is stated at the amount expended up to the balance sheet date and includes direct cost and related incidental expenses.
- Capital Subsidy relating to projects in backward area is credited to capital subsidy reserve on receipt and Government grants relating to specific assets are deducted from the cost of such assets.
- Depreciation is provided, on all depreciable assets, except intangible assets (refer (e) below), on a straight line basis at the rates prescribed under Schedule XIV of the Companies Act, 1956.
Depreciation on assets added/ disposed off during the year is provided on pro-rata basis from the month of addition or up to the month prior to the month of disposal, as applicable.
- Intangible Assets are amortized over a period of 5 years or based on the period of usage / licence, whichever is lower. The estimated useful life of intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.
- Individual assets costing less than Rs.5,000 each are depreciated in full in the year of acquisition.
- A) In the case of Wendt Grinding Technologies Ltd, the depreciation is provided on Straight line basis on the estimated useful life of the assets as follows.

	No. of years
i) Building	20
ii) Machine and equipment, Tools, Furniture and Fixture, Vehicles	5
B) In the case of Wendt Middle East FZE, the depreciation is provided on Straight line basis on the estimated useful life of the assets as follows.	

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

	No. of years
i) Plant and Machinery	4
ii) Lease hold improvements	4
iii) Furniture and Fixtures	3

7 REVENUE RECOGNITION:

- a Revenues are recognized and expenses are accounted on their accrual with necessary provisions for all known liabilities and losses. Revenue from Sale of goods is recognised on despatch of goods. Sales includes excise duty but excludes sales tax / VAT, discounts and returns as applicable.
- b Revenue from rendering of services priced on a time and material basis is recognised on rendering of services as per the terms of contracts with customers.
- c Export Benefits under Advance licence scheme are recognized on accrual basis on completion of export obligation.
- d Dividend income on investments is accounted for when the right to receive the payment is established. Interest income is recognised on a time proportion basis considering the underlying interest rate.

8 FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION :

- a Company: Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions. Monetary assets and liabilities outstanding at the year end are translated at the rate of exchange prevailing at the year end and the gain or loss is recognized in the Statement of profit and loss .
- b Non-integral foreign operations: Transactions of non-integral foreign operations are translated at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. All assets and liabilities of non-integral foreign operations are translated at the year-end rates.
- c Company: Exchange differences arising on actual payments / realizations and year end restatements are also recognised in the Statement of profit and loss .
- d Non-integral foreign operations: The exchange differences on translation of balances relating to non-integral foreign operations are accumulated in a "Translation adjustment reserve" until disposal of the operation, in which case the accumulated balance in "Translation adjustment reserve" is recognised as income / expense in the same period in which the gain or loss on disposal is recognised.

9 INVESTMENTS:

Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long term investments and are carried at cost. However, provision for diminution is made in the value of investments, if such diminution is other than of temporary nature .

10 EMPLOYEE BENEFITS:

SHORT TERM EMPLOYEE BENEFITS

Short term employee benefits including performance incentive and compensated absences which are expected to occur within 12 months after the end of the period in which the employee renders related service are determined as per Company's policy and recognized as expense based on expected obligation on undiscounted basis.

LONG TERM EMPLOYEE BENEFITS - COMPENSATED ABSENCES

Accumulated Compensated absences which fall due beyond 12 months is provided for in the books on actuarial basis at the year end using projected unit credit method.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

DEFINED CONTRIBUTION PLANS

Superannuation fund, Provident fund and Pension fund are defined contribution plans towards which the company makes contribution at predetermined rates to the Superannuation Trust, and the Regional Provident Fund Commissioner respectively. The same is debited to the Statement of Profit and Loss based on the amount of contribution required to be made as and when services are rendered by the employees. The Company also makes contributions to state plans namely Employee's State Insurance Fund and Employee's Pension Scheme 1995 and has no further obligation beyond making the payment to them.

DEFINED BENEFIT PLAN

The liability for gratuity to employees as at the Balance sheet date is determined on the basis of actuarial valuation using Projected Unit Credit method. The amount is funded to a Gratuity fund administered by the trustees and managed by Life Insurance Corporation of India. The liability thereof is paid and absorbed in the Statement of Profit and Loss at the year end. Actuarial Gains and losses arising during the year are recognised in the Statement of Profit and Loss immediately.

Termination benefits are recognized as an expense as and when incurred.

11 SEGMENT REPORTING:

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group with the following additional policies:

- a Inter-segment revenues are accounted on the basis of prices charged to external customers.
- b Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the enterprise as a whole and not allocable to segments on a reasonable basis are included under "Other un-allocable Expenditure net of un-allocable income".

12 EARNINGS / (LOSS) PER SHARE:

The basic earnings/ (loss) per share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares.

13 TAXES ON INCOME :

Current tax is determined on the basis of taxable income and tax credits, where applicable, computed for each of the entities in the Group in accordance with the provisions of applicable tax laws of the respective jurisdictions where the entities are located.

Income tax comprises the current tax provision and the net change in the deferred tax asset or liability during the year. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences between the carrying values of the assets and liabilities and their respective tax bases. Deferred tax assets are recognized subject to management's judgment that realization is more likely than not. Deferred tax assets and liabilities are measured using enacted tax rates or substantively enacted tax rates expected to apply to taxable income in the years in which the timing differences are expected to be received or settled.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(Rs. in lacs)

14 RESEARCH AND DEVELOPMENT:

Revenue expenditure on research and development is charged as an expense in the year in which it is incurred. Capital expenditure on Research and Development is included in fixed assets and depreciated in accordance with the depreciation policy of the company.

15 IMPAIRMENT OF ASSETS:

At each balance sheet date, the carrying values of the tangible and intangible assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where there is an indication that there is a likely impairment loss for a group of assets, the Company estimates the recoverable amount of the group of assets as a whole, and the impairment loss is recognised.

16 PROVISIONS AND CONTINGENCIES:

A provision is recognized when the Group has a present obligation as a result of past event, that can be estimated reliably and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. When no reliable estimate can be made, a disclosure is made as contingent liability and is disclosed by way of notes. Contingent assets are not recognised in the financial statements.

17 OPERATING CYCLE:

All assets and liabilities are classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the revised Schedule VI to the Companies Act, 1956. Normal operating cycle is based on the time between the acquisition of assets for processing and their realisation into cash and cash equivalents.
