Dear Sir/Madam,

**Sub: Newspaper advertisement regarding notice of special window for re-
lodgement of transfer requests of physical shares**

We enclose the Newspaper advertisement published in Business Standard (English) & Vijaya Karnataka (Kannada), intimating the shareholders about the opening of a Special window for transfer and dematerialisation of physical securities as per SEBI Circular dated 30th January 2026.

Kindly take note of the same.

Thanking you.

Yours faithfully,
For **Wendt (India) Limited**

Vikram Yadav new DGCA chief; Kidwai's turbulent tenure ends

DEEPAK PATEL
New Delhi, 31 March

Faiz Ahmed Kidwai (left) has been transferred to DoPT as additional secretary. Vir Vikram Yadav, who was additional secretary in the environment ministry, is now at the helm of the Directorate General of Civil Aviation

The Centre on Tuesday appointed Vir Vikram Yadav as new Director General of Civil Aviation, replacing Faiz Ahmed Kidwai, who has been transferred as additional secretary in the Department of Personnel and Training.

Kidwai's tenure — since January 2025 — marked a turbulent period for India's aviation regulator, the Directorate General of Civil Aviation (DGCA), owing to a sequence of high-impact aviation crises, regulatory confrontations, and institutional scrutiny.

Events from mid-2025 to early 2026 exposed deeper systemic concerns for India's aviation safety architecture. The first major shock came with the Air India Flight 171 crash on June 12, 2025. The Boeing 787-8, on its journey from Ahmedabad to London, crashed shortly after take off, killing around 260 people.

The incident triggered a multi-agency probe and a detailed safety audit of Air India by the DGCA in July 2025,

which flagged nearly 100 safety lapses. These include serious violations related to pilot training, cabin crew deployment, and breaches of flight duty time limitations (FDTL).

Through the remaining 2025, the DGCA was simultaneously engaged in a prolonged and contentious overhaul of the FDTL norms.

The move to look into pilot duty and rest rules in the interest of safety met with strong resistance from airlines, while pilot bodies pushed for stricter

enforcement, turning the issue into a sector-wide standoff.

The repeated delays and consultations highlighted the difficulty of enforcing safety reforms without disrupting airline operations. The tensions around FDTL and pilots' availability culminated in the IndiGo scheduling crisis beginning December 1, 2025, shortly after the revised norms were fully implemented in November 2025.

IndiGo, which had not ramped up pilot hiring in line

with the stricter FDTL requirements, faced acute crew shortages, leading to the cancellation of nearly 4,500 flights over about 10 days.

The DGCA stepped in with temporary FDTL relaxations, fare caps, and close monitoring to stabilise operations amid one of the largest-ever operational disruptions in Indian aviation.

The pressure extended to January 28 this year when a high-profile tragedy killed Maharashtra Deputy Chief Minister Ajit Pawar, along with four others. The accident took place after the chartered Learjet 45 plane crashed during a landing attempt at Baramati.

The aircraft, flying from Mumbai, went down just short of the runway amid poor visibility, with no survivors.

The political significance of the crash, involving one of the state's most powerful leaders, brought unprecedented attention to safety gaps in non-scheduled aviation operations, especially at smaller airfields with limited infrastructure. This was followed by an air ambulance crash in Chattrra, Jhark-

hand, on February 23, further underscoring risks in emergency and charter aviation.

It prompted the DGCA to tighten oversight of non-scheduled operators, including grounding aircraft and flagging operational and airworthiness concerns. Against this backdrop, a Parliamentary Standing Committee report tabled on March 25 brought together these incidents to argue that India's aviation safety challenges are systemic rather than episodic.

The panel cited the June 2025 Ahmedabad crash, the January 2026 Baramati tragedy, the February 2026 Chattrra air ambulance crash, and the December 2025 mass cancellations as evidence of "systemic fragilities." It recommended the creation of an independent high-level committee to conduct a root-cause analysis within 90 days.

The report also raised structural concerns within the regulatory body, noting that the DGCA was operating with 843 personnel against a sanctioned strength of 1,630. This is a vacancy rate of 48.3 per cent.

Impossible to quantify war impact on airlines; airfares on rise: IATA

PRESS TRUST OF INDIA
New Delhi, 31 March

With a sharp rise in fuel costs as well as tight capacity and thin margins for airlines, airfares are already rising in the wake of the West Asia war, global airlines' grouping International Air Transport Association (IATA) said on Tuesday.

The IATA represents around 350 airlines, including Air India, Air India Express, IndiGo, and SpiceJet.

On Tuesday, the grouping released the data for global passenger demand in February 2026 and said total demand in terms of revenue passenger kilometres (RPK) rose 6.1 per cent last month compared to the year-ago period.

Total capacity, measured in available seat kilometres (ASK), increased 5.6 per cent year-on-year, while the passenger load factor stood at 81.4 per cent, the highest February figure on record, it said in a release.

IATA Director General Willie Walsh said with an RPK expansion of 6.1 per cent, February was a strong month, showing that the fundamentals for demand growth were in place for a positive year.

"However, without knowing the length and intensity of the war in the Middle East, it is impossible to quantify the full impact that it will have on airline prospects. But some things are already clear. Fuel costs have risen sharply. With tight capacity and thin margins, airfares are already rising," he said.

According to him, capacity deployment is also adjusting, particularly for traffic to, from, or through West Asia, or in areas where fuel supply is an issue.

"Capacity growth scheduled for March, for example, has eased to 3.3 per cent from earlier predictions of more than 5 per cent," Walsh noted.

According to IATA, in India, domestic RPK increased 0.6 per cent year-on-year in February compared to 3.5 per cent in January. IATA said this partly reflects a higher base of comparison, given the exceptionally strong demand recorded in February 2025.

IndiaAI Mission startup Gnani raises \$10 mn

AVIK DAS
Bengaluru, 31 March

Gnani.AI, which is part of the IndiaAI Mission, has raised \$10 million as part of a Series-B funding round from Aavishkaar Capital and existing investor Info Edge Ventures.

The company will use the funds to build agentic AI capabilities, multi-lingual and industry solutions, and strengthen its engineering and product teams to capture a share of the global enterprise voice AI market.

"Our mission has always been to make customer engagement more human, more secure, and more scalable through voice-first AI. Partnering with Aavishkaar Capital is a powerful validation of that vision. Their investment will help us deepen our generative AI capabilities and accelerate our global expansion," said Gnani's cofounders Ganesh Gopalan and Ananth Nagaraj in a statement.

The funding comes a little over a month after the company launched its voice foundation model at the India AI Impact Summit in New Delhi in February. The model has 5 billion parameters for voice-to-voice, which will be expanded to the flagship 14-billion-parameter model and later to 70 billion parameters, Gopalan added.

The company is one of the startups selected for the Mission to launch core AI models for the country.

Manasum plans ₹200 cr fundraise, 2028 IPO

ANEKA CHATTERJEE
Bengaluru, 31 March

Bengaluru-based Manasum Senior Living plans to raise close to ₹150-200 crore in growth capital and is targeting an initial public offering (IPO) around 2028, betting on India's rapidly expanding senior housing market, said cofounder Anantharam Varayur.

The funding will be used towards expanding its managed portfolio from about 2,500 units currently to 5,000 units by 2026-2027 (FY27), and scale up to 10,000 units by 2028. The company considers this scale essential before approaching capital markets.

"We are working with a real-estate consultant firm on the fundraising. The next phase of growth will be driven by expansion into multiple cities and new product formats," Varayur told Business Standard.

Manasum noted that the expansion includes a new "active senior living" project, which is being rolled out at Gujarat International Finance Tec-City (GIIFT City), Ahmedabad. The Atharva Sibani project, comprising 248 units, targets professionals aged 55-60 years and who are approaching retirement

Multi-city expansion and new product formats are expected to drive Manasum Senior Living's next growth phase, says cofounder Anantharam Varayur

but wish to remain professionally engaged.

The company is positioning the project for senior executives in GIIFT City's financial and technology ecosystem, allowing residents to transition into advisory or consulting roles. "Retirement today does not mean stopping work. Many professionals want flexible engagement for another five to eight years while enjoying a secure lifestyle," Varayur said.

Bombay HC halts GST action on 18% hotel restaurant levy

MONIKA YADAV
New Delhi, 31 March

The Aurangabad Bench of the Bombay High Court (HC) has extended interim protection to a hospitality company in a key goods and services tax (GST) dispute challenging the basis for taxing restaurants located within high-tariff hotels at 18 per cent.

In its order dated March 24, the division Bench declined to vacate the earlier interim relief and instead stayed the operation of the show-cause notice issued under Section 74 of the Central GST Act, pending further consideration of the writ petition. The court also directed the tax authorities to file their reply, with the matter listed for further hearing in June.

The dispute arises from a demand exceeding ₹4 crore, covering 2019-20 to 2024-25, where the department sought to proceed with adjudication before the statutory limitation deadline of March 31. The Union argued that continuing interim protection would frustrate the adjudication process and impact revenue collection.

However, the court observed that the

petitioner had already complied with earlier directions by furnishing a bank guarantee of ₹40 lakh and found it appropriate, at this stage, to maintain the status quo by staying the show-cause notice until further orders.

The underlying writ petition challenges the GST rate structure that taxes restaurant services at 18 per cent when located within hotels charging room tariffs above ₹7,500 per night, compared with 5 per cent for standalone restaurants.

Appearing for the petitioner, Abhishek A Rastogi, founder of Rastogi Chambers, advanced a constitutional and structural challenge to this framework.

He argued that the rate mechanism artificially links the taxability of a restaurant service to an unrelated factor — the declared room tariff of the hotel — rather than the intrinsic nature of the supply.

According to him, such classification lacks a rational nexus and results in excessive and unintended tax burdens.

Rastogi submitted that the current regime produces anomalous outcomes.

NOTICE OF SPECIAL WINDOW FOR TRANSFER AND DEMATERIALISATION OF PHYSICAL SECURITIES

Securities and Exchange Board of India (SEBI) in line with its notification dated 30th January 2026 had discontinued the transfer of physical shares from 1st April 2019. However, a special window from 7th July 2025 to 6th January 2026 was allowed by SEBI, for re-lodgement of physical share transfer requests that were submitted before 1st April 2019 but returned due to deficiencies in documentation. In order to facilitate the investors, SEBI has now permitted another special window for a period of one year from 5th February 2026 to 4th February 2027 for re-lodgement of transfer and dematerialisation of physical securities. This facility is available to those investors who had purchased or held or had acquired shares of Wendt (India) Limited (the Company) in physical form prior to 1st April 2019.

For clarity with regard to applicability of this window, below matrix may be referred to:

Execution Date of Transfer Deed	Lodged for transfer before April 01, 2019?	Original Security Certificate Available?	Eligible to lodge in the current window?
Before April 01, 2019	No (it is fresh lodgement)	Yes	✓
Before April 01, 2019	Yes (it is rejected/returned earlier)	Yes	✓
Before April 01, 2019	Yes	No	✗
Before April 01, 2019	No	No	✗

Further the following cases will not be considered under this window:

- Cases involving disputes between transferor and transferee.
 - Securities which have been transferred to Investor Education and Protection Fund (IEPF).
- Eligible shareholders may submit their transfer request along with the requisite documents to the Company's Registrar and Transfer Agent (RTA) i.e. **KFin Technologies Limited, Ms. Krishna Priya Maddula**, Senior Manager, Selenium Building, Tower-B, Plot No. 31 & 32, Financial District, Nanakramguda, Serilingampally Hyderabad, Telangana - 500032 or email to einward.ris@kfintech.com or contact the Company at investorservices@wendtindia.com for further assistance.

Shareholders are also informed that pursuant to the said circular, all transfer requests duly rectified and re-lodged during the aforesaid period will be processed through the transfer-cum-demat mode, i.e., the shares will be issued only in dematerialised form after approval of the transfer and the same will be subject to a lock in period of one year. Hence, the shareholders availing this window (lodgers) must necessarily have a demat account and should provide the Client Master List along with the transfer documents, original share certificate(s) and other necessary document(s) as provided in the circular while lodging the documents for transfer.

We urge all the shareholders who had previously submitted transfer requests and are yet to receive their transferred shares due to pending deficiencies, to make use of this Special Window for their benefit.

The detailed circular is available on the website of the Company at <https://wendtindia.com/> which may be referred to or contact us at investorservices@wendtindia.com
